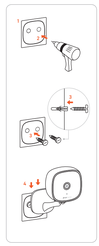
Mounting the camera



01
Place the alignment sticker where you would like to place the camera.

02
Use a 8mm drill bit to drill two 25mm deep holes as indicated on the alignment sticker.

03
Hammer in the plastic wall anchors to support the screws.

04
Attach your camera to the screws by sliding down.

Or place the 3M sticker on the mounting stand

In case you have questions

What do I do when my device is not working properly?

First, reset and reinstall your device:

- Use a paper clip to press the Reset button next to SD card slot
- Wait until the LED turns solid red

Next, follow these steps during installation:

- Connect your **router** to the Internet and enable Wi-Fi
- Connect your **mobile device** to your **router's** 2.4G Wi-Fi
- Ensure that your **AlfredCam device** is in range of the same Wi-Fi network

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: this device may not cause harmful interference, and this device must accept any interference received, including interference that may cause undesired operation.

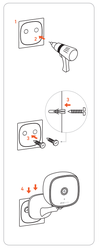
Montaje de la cámara



01
Coloque la cinta adhesiva de alineación en el lugar donde desee ubicar la cámara.

02
Use una broca de 8 mm para hacer dos agujeros de 25 mm de profundidad tal y como se indica en la cinta.

03
Con la ayuda de un martillo, coloque los tacos de plástico para sujetar los tornillos.

04
Deslice su cámara hasta que quede sujetada por los tornillos.

Como alternativa, también se puede colocar la cinta adhesiva 3M en el soporte de montaje

En caso de preguntas

¿Qué debo hacer si mi dispositivo no funciona correctamente?

En primer lugar, reinicie y restablezca su dispositivo:

- Use un clip de papel para pulsar el botón de reinicio, que se encuentra al lado de la ranura para tarjetas SD
- Espere hasta que el LED se ilumine de color rojo fijo

A continuación, siga los siguientes pasos durante la instalación:

- Conecte el **rúter** a Internet y active la wifi
- Conecte el **móvil** a la wifi 2.4G de su rúter
- Asegúrese de que su **dispositivo AlfredCam** esté en el rango de alcance de la misma wifi

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: this device may not cause harmful interference, and this device must accept any interference received, including interference that may cause undesired operation.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
