Action button	Manually wake Alexa
Home Automation button	Toggle a group defined by user

Instruction

1. Download the Third Reality App

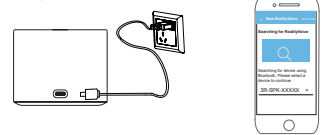
Visit Apple App Store or Google Play Store to download the Third Reality App. The app will guide you through some quick steps to sign up or login.

Available on the App Store

ANDROID APP ON Google play

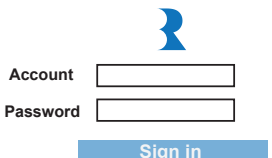
2. Set up your RealityVoice

Once RealityVoice is powered on, the Home Automation button's light will turn white. Open the app, in the Device interface choose "+", select Type as "RealityVoice", and follow the pairing instructions.



3. Enable Amazon Alexa control

After you have paired RealityVoice, continue to click “voice settings”, “Authorize now”, and then log into your Amazon account for authorization. Once authorized, click “Next” to enter your Third Reality account and enable the ThirdReality Skill.



4. Pair smart devices

You may add Third Reality devices in a similar manner. In the Device interface choose "+", then select "Device Type" based on the device you are installing (i.e. "Switch" or "Light"), and follow the app instructions.

Getting started with RealityVoice

Smart Home

Alexa, turn on light one.
Alexa, turn off kitchen light.
…

Talk with your RealityVoice to control corresponding devices.

Fun & Music

Alexa, play a song.
Alexa, tell me a joke.
…

Try to play music without lifting a finger and play games through your voice.

News & Information

Alexa, what’s the weather?
Alexa, what’s the time?
…

Ask RealityVoice for weather reports, daily news, personal schedule, and more.

Troubleshooting

Factory Reset

If your RealityVoice fails to operate correctly, you can perform a factory reset.

1. Press and hold Home Automation button and Volume Up button at the same time for more than 20 seconds to reset the system.
2. When the Home Automation button’s light turns yellow, release your hand.
3. Wait a few seconds, you can see the light change from yellow to blue, then white.
4. Pair RealityVoice again in the app.
