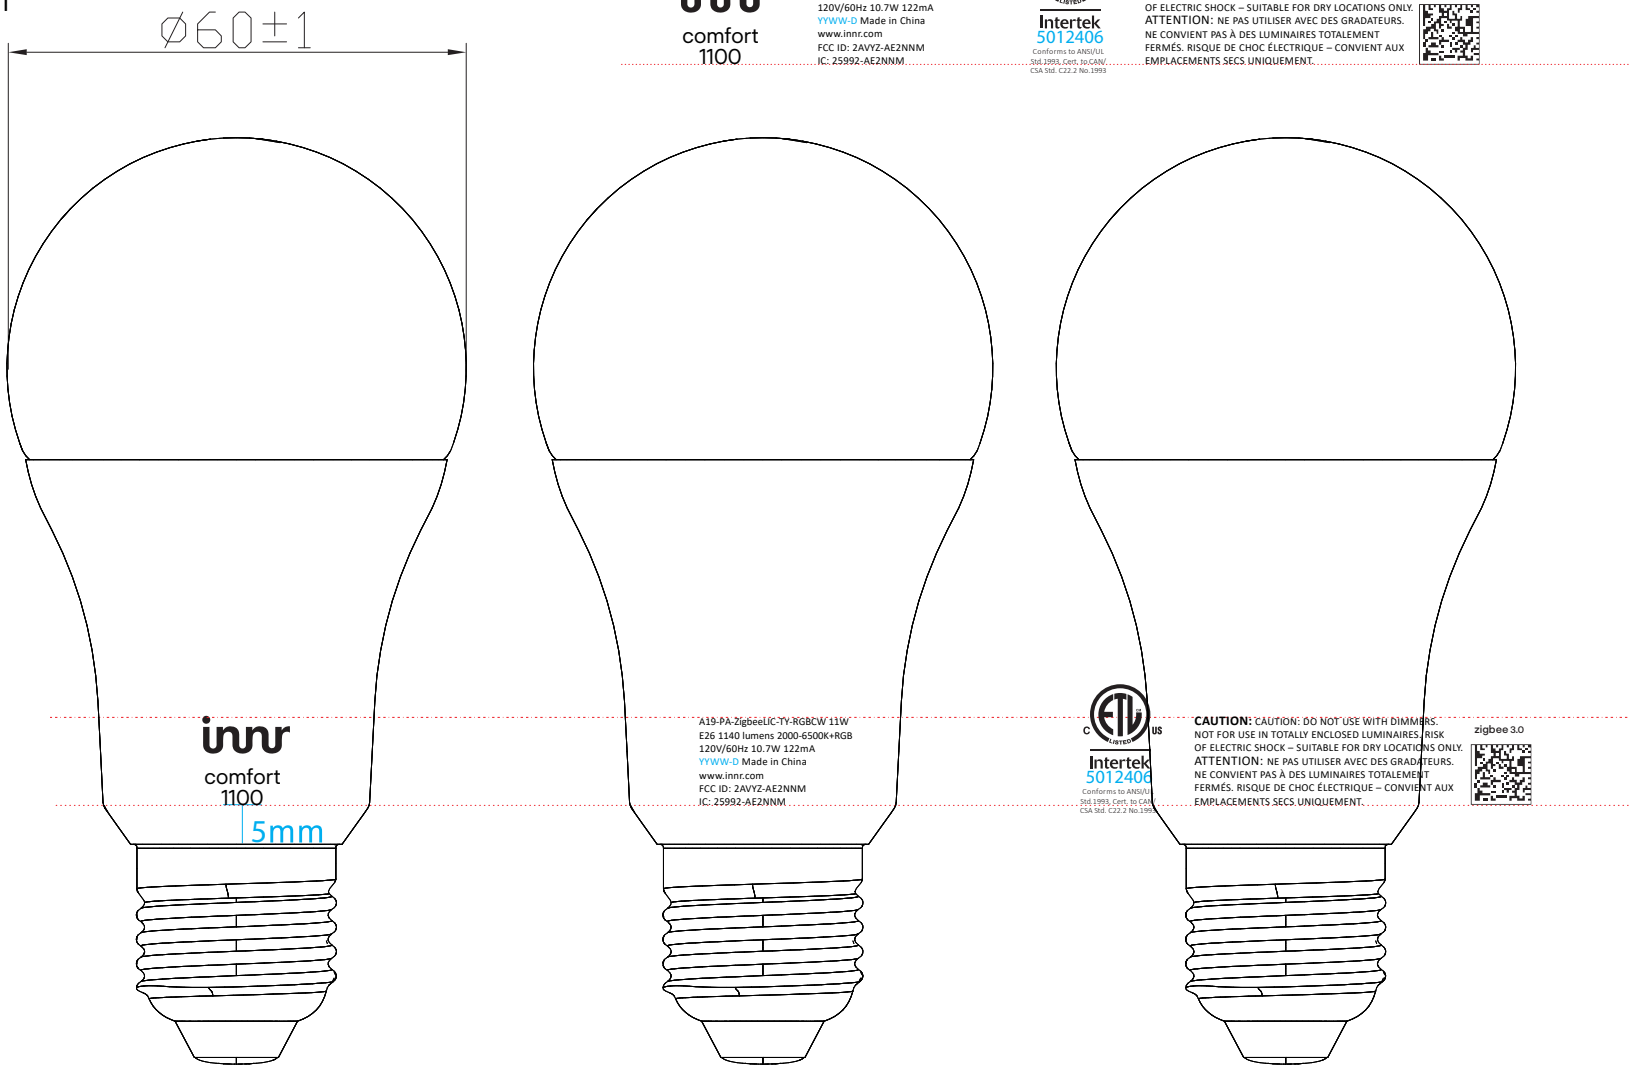
A19-PA-ZigbeeLIC-TY-RGBCW 11W - E26 - 1100lm - 2000-6500K +RGB- Tunable White

ID CODE

Pantone Cool Grey 8C

UNTURNED

AE 270 T



Remark:
1. YYWW-D: Is the order batch information
2. Intertek control number is TBD
3. The laser graphic is located near the lower edges of the heat sink.
4. Innr logo surface, parameter surface and warning words surface:
the space between the 3 surfaces should be uniform, not one big and onde small
5. The red dotted line is the alignment line, not actually laser
