ION UV Pro Phone Sanitizer

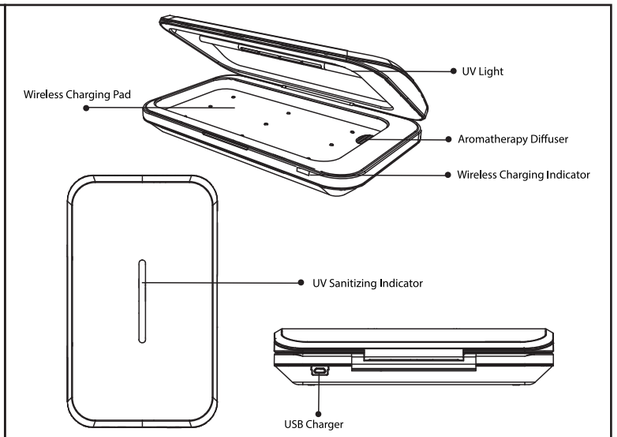
tzumi®

Introduction & Features

The ion UV Pro sanitizer is ideal for disinfecting your phone from germs and other bacteria carrying pathogens that might easily cling on your phone's surface. Utilizing UV technology, it completely sanitizes your phone using powerful ultraviolet rays which helps kill bacteria in the smallest creases of your phone. Not only does the cell phone sanitizer keep your objects germ free but it also includes an aromatherapy diffuser to leave your phone and objects smelling great. Simply add a couple of your favorite aroma drops in the diffuser and your phone and objects will be freshened while sanitizing. The sanitizer also doubles as a charging hub thanks to its wireless charging technology feature which allows you to charge compatible devices such as phones and airpods.

Package Contents

- Sanitizer
- USB power cable
- 5ML lavendar essential oil
- Manual



Features

- Clinically proven results, kills 99.9% of germs and harmful bacteria on your phone
- Wireless charging pad allows you to charge compatible devices, i.e. phones and airpods with wireless charging capabilities
- USB power allows you to use it from any USB power source
- Allows you to sanitize other objects like keys, MP3 players, Bluetooth earphones, watches, jewelry toothbrushes and much more

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user' s authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.

User Instructions

To Use UV Sanitation:

- Plug-in the sanitizer to a power source
- Insert the phone or any other item and close the lid
- Once you close the lid the sanitization process will start
- An LED will light up on top of the box while the sanitizing process is active
- The sanitizer has an automatic timer and will shut down after 10 minutes of use
- For more thorough sanitization turn the device over and run the sanitization process again
- Keep the lid closed while sanitizing, if the lid is opened the sanitizer will automatically stop

To Use Aromatherapy:

- Drop a maximum of four drops of aromatherapy oil in the diffuser
- Once you close the lid the aromatherapy process begins
- The aromatherapy function works in conjunction with the sanitizing process, it will start and end simultaneously
- The essence oil box is located inside the device, its volume can hold a maximum of 4 drops and lasts for 3-4 hours

Wireless Charging:

- The Ion UV Pro includes wireless charging technology to charge your phone and other compatible devices
- Place your devices i.e. phone / airpods inside the sanitizing box, the box will detect a wireless charging enabled device and will start charging automatically
- An LED light indicator turns on when wireless charging is active

F.A.Q

1. Can I use the sanitization and aromatherapy function at the same time?

Yes, both functions can be used simultaneously.

2. How much essence oil can the sanitizer hold?

The amount of essence oil added to the essence box should not exceed 4 drops. Do not use other corrosive liquids to avoid damaging the equipment.

Specifications

Rated Input: DC 5V/1A
Sanitization Power: 1.5 W x2
Aromatherapy Power: 0.5 W
Maximum Power: 3 W
Wireless Output: 5W
Working Temperature: 0° - 55°
Ultraviolet Wavelength: 254nm
Weight: 290 g
External Dimensions: 21.5*12.8*4.3cm
Internal Dimensions: 18.5*9.8*2cm

Object Scope

- Fits smartphones up to 6.5 inches with thickness less than 20mm
- Other small articles include MP3 players, Bluetooth-earphones, socks, watches, toothbrushes, jewelry, keys etc.

Safeguards

- To prevent the risk of electric shock or fire do not expose this product to rain or excessive moisture.
