FUNCTION GUIDE

1. DOWNLOAD APP:

FARO App

Download the FARO App to customize your helmet's light features and other settings to your liking.

Download

Android: Google Play Store > U1 FARO

iOS: App Store > Unit 1 FARO

or scan the QR code below.

2. ON/OFF

Once charged, you can begin using your U1 Smart Lights. To turn in on / off, just press the on/off button for 3 seconds. The center light bar will do a white or red sweep (depending on whether it is in the front or rear position) and then display the battery level using 10 levels.

4. PAIRING

- U1 App

1. Make sure your phone's bluetooth connection is active.
2. Power up your U1 Smart Light
3. Look for your U1 Smart Light using the U1 App
4. Pair directly from the U1 App

- REMOTE

1. Power on your U1 Smart Light (should be off before you begin)
2. Press & hold any button on the Navigation Remote (lights will blink left & right)

3. Wait for connection. U1 Smart Lights will show 3 green flashes when complete, Nav Remote will also flash 3 times.

- TROUBLESHOOTING

If you are having trouble with your U1 Smart Lights, follow these steps

1. Not powering on
Charge the U1 Smart Lights using the USB-C cable.
2. Not charging
Make sure the USB-C power source is switched on and plugged correctly.
3. Not pairing
Make sure your U1 Smart Lights is fully charged and your bluetooth connection is active
4. U1 Smart Light not responding
Reset the U1 Smart Lights by pressing the power button for 4 times.

5. CHARGING

Plug the USB-C cable into the charging port. Once plugged in the hidden lights will display the status of your battery using 6 levels. All 6 levels in a solid green color mean the battery is full. For safety purposes, FARO functions are not available while charging. DO NOT use the helmet while charging with a power bank.

PRECAUTIONS REGARDING THE BUILT-IN BATTERY

- Do not attempt to replace the battery in your U1 Smart Lights. It is built-in and cannot be replaced.
- Charge the battery in accordance with the instructions provided in this guide.
- Charge your U1 Smart Lights using a computer, a powered docking station or certified power station.
- Do not attempt to open the built-in battery.

RECOMMENDATIONS FOR USE

Do not try to replace the battery or open the case or take your U1 Smart Lights apart. Each of these

actions will void the warranty and may pose safety risks. The substances contained in batteries may be harmful for the environment or cause injury if handled and disposed of inappropriately.

- Do not expose your U1 Smart Lights to extreme temperatures (The product is designed to operate

when uncharged: -20°C to +60°C, and while charging: 0°C to +45°C).

- Do not use any abrasive products to clean your U1 Smart Lights or the accessories.
- Do not throw your U1 Smart Light onto a fire. The battery may explode.

ATTENTION

Risk of explosion if the battery is replaced with an incorrect battery. It must be recycled or disposed of separately from household waste as per the instructions. This product is not a toy. Do not let children or pets play with your U1 Smart Lights. The product contains small parts which can be a choking hazard.

INFORMATION ON WASTE DISPOSAL AND RECYCLING

Make sure you dispose of your product at a recycling center. Each country and province has its own recycling centers for batteries and electronics. To find out where to dispose of your product, contact the waste management service in your area or the shop where you purchased the product. Do not throw your device into the household waste. The packaging and product must be disposed of according to local regulations. Batteries must not be disposed of with municipal waste and must be separated for collection.
