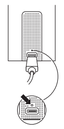
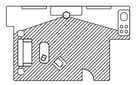
SETUP

1. Download the Petcube App and register your account
2. Power up the camera and wait for yellow light to flash
3. Press the Setup button on the side speaker above the USB port until you hear a sound
4. Follow instructions in the app to finish the setup



PLACEMENT

It's best to point Bites 2 Lite in the direction where your pets spend most of their time so their activities are captured with the wide-angle lens.



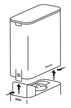
If placing on a table or a shelf, put Bites 2 Lite at least 3 feet above the floor. A rubber foot at the bottom provides a firm grip on the surface.

If you want to hang the camera on a drywall, anchor screws are included in the packaging for easy and secure setup.

Wall mounted position gives extra protection from eager pets and allows for the best room coverage.

DISPENSER SETUP

Detachable Treat Container



Detach the treat container by pushing the release buttons on both sides and pulling it up away from the base.

Control Treat Portions

3 orange inserts help control how many treats you fling at once. Usually it flings 1-3 treats at a time. The insert for medium-size treats is preset by default. For small and large size treats, use the other included inserts.

TREAT COMPATIBILITY

Petcube Bites 2 Lite is compatible with a variety of treat brands. We recommend dry crunchy treats with dimensions of 1" or less.

Use your pet's favorite compatible treats. Keep in mind that the size of treats you are using may affect the amount of treats that come out of the device.

DO'S & DONT'S

- Watch and talk to your pet remotely. Record videos and get notifications about your pet's activity.
- Share access to your Bites 2 Lite with friends, family or anyone within the Petcube community.
- Fling treats to your pet on demand or on a schedule. Use it as a training aid and to reinforce positive behavior.
- ✖ Don't drop, hit, or shake your Petcube Bites 2 Lite.
- ✖ Don't stain, scratch, or otherwise damage the front camera glass.
- ✖ Don't expose to liquid, moisture, dust, excessive heat, or open flames.
- ✖ To avoid overheating, don't leave Petcube Bites 2 Lite in direct sunlight.
- ✖ Treats dispensed by Petcube Bites 2 Lite should not replace your pet's normal meals. Petcube Bites 2 Lite should not be used to dispense medication to your pet.
- ✖ Please keep in mind treat expiration dates and ensure you are only providing your pets with fresh treats. To prevent mechanical problems, use only compatible treats.
- ✖ Be aware that using treats with your pet exposes them to choking hazards. Ensure your pet is familiar with the treats you are using and that you monitor their consumption.
- ✖ Petcube Bites 2 Lite should not be used by minors without supervision from an adult.
- ✖ Protect the power cord from being walked on, pinched, or chewed on by pets.
- ✖ If a treat gets jammed in the container or flinging mechanism, first empty and remove the container, then cautiously remove it with your finger or a pen. Do not use sharp instruments or apply too much pressure, this can damage the device.

SAFETY INSTRUCTIONS

The socket-outlet shall be installed near the equipment and shall be easily accessible.

1. Maximum ambient temperature around the adapter must not exceed 40°C.

2. The adapter is used for office machines and data processing appliances. It is certified according to the relevant safety standards UL 62368-1, CSA 022.2 No. 62368-1.

3. The output power taken from the supply must not exceed the rating given on the adapter.

4. The adapter is not intended to be repaired by service personnel in case of failure or component defect (unit can be thrown away).

5. The disconnection from line voltage is made by main plug.
