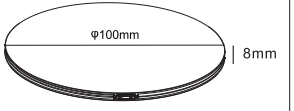
Simple Wireless Charger

Specification

Input	5V/2A, 9V/2A
Output	5W/7.5W/10W/15W
Quick charge	QC3.0
Conversion	≥73%
Material	ABS
Colour	White/Black



Model: OJD-QI01

Note

1. Please do not disassemble the product at will.
2. Please do not use this product in high temperature, damp environment.
3. To charging contact surface on the back of the mobile phone cannot carry metal materials such as iron sheets ,finger rings , metal protective shells, etc.

Packaging List

Simple Wireless Charger*1

Type-c USB Cable(1m)*1

User Manual*1

RoHS

Made in China

LED Indicators Information

1.Power on：green light is on for 1s and then off.

2.Standby mode：No light.

3. Charging：green light.

4.FOD/Charging anomaly :green light flashing.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

Radiation Exposure Statement
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
