Made in China

6. Hearing Amplifier Power On

Switch to 'on' to power on the device, Voice prompts indicate battery status.

Note:
Please wear earphones before turning on the device.

7. Volume Adjustment for hearing amplifier

① The left and right channel can be adjusted separately, single click V+/V- button to adjust volume until you feel comfortable.
② Each time you click, there will be 'beep' tone, and you will hear voice prompts: "maximum volume" or "minimum volume" when reached maximum/minimum volume.

8. Mode switch

A. Hearing Mode

Once power on, the default mode is "hearing mode", you can adjust the volume separately according to the guide above.

As for "Hearing Mode", Clip Pro amplifier supports two sub-modes: "indoor mode" and "Outdoor Mode".

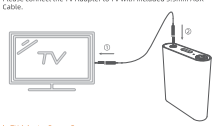

Indoor Mode: For more natural human voice while less noise suppression

Outdoor Mode: For better noise suppression

B. TV Mode

a. TV Adapter Connect To TV

Please connect the TV Adapter to TV with included 3.5mm AUX Cable.

b. TV Adapter Power On

Long Press power button on the TV adapter for 3s to power on.

c. Long press the hearing amlifier 'O' button for 2s to switch to TV mode, you can hear Voice prompts 'please open TV adapter', then wait the hearing amplifier to auto connect TV adapter, once connected you will hear voice prompts 'TV mode', now you can enjoy TV programs.

TV Adapter Mode:
After entering TV mode, it will try to connect to TV adapter automatically.

d. Volume Adjustment for watching TV

1) Adjust volume on hearing amplifier (you could press either volume control button on left or right side, the left and right volume will stay at same level);
2) Adjust TV volume with TV remote control.

e. You can switch back to hearing mode via long pressing hearing amplifier 'O' button for 2s.

Note:
Kindly reminder that the hearing mode is default after power on, and it will remember the volume you use last time.

FAQ

Q: How long does it take to full charge the hearing amplifier?
A: It will full charge in 45mins.

Q: Could it be used with other Type-C earbuds or earphones?
A: No, you need to use included earphones and type-C cable (IMPORTANT: the earphones is customized for the hearing impaired), in case of no sound or bad performance problems.
