Eyesnooze Sleep Mask

Thank you for purchasing the RENPHO Eyesnooze Sleep Mask! Please read this instruction manual carefully and use the product only as indicated. RENPHO accepts no responsibility for any cause of injuries due to misuse or negligence to follow the instructions outlined. Please keep this manual for future reference.

IMPORTANT SAFETY INSTRUCTIONS

1. This device is for household use only and is not intended for medical or commercial purposes.
2. The device is not intended for use by children or persons with reduced physical, sensory, or cognitive capabilities unless they have been given supervision or instructions concerning the use of the device in a safe way and understood the hazards involved.
3. Children should not play with the device. Cleaning and user maintenance should not be done by children.
4. The device contains electrical components. Do not expose the device to high temperatures.
5. Do not submerge the device. Do not place in or drop into water or other liquids. The liner pad is removable for washing.
6. Avoid contact with sharp objects.
7. Remove contact lenses, glasses, false eyelashes, hairpins, hair accessories, etc. before using.
8. Do not attempt to disassemble or repair the device. Otherwise, it may cause damage and void the manufacturer's warranty.
9. Set the volume to the proper level to avoid hearing damage.

3. Light Indication

Status		Indicator Light
Power On		Remains blue for 3s
Power Off		Remains red for 3s
Wireless Connection	Pairing	Flashes blue and red slowly
	Connected	Remains solid blue for 10s and then turns off
Low Battery		Flashes red slowly and turns off if left idle for 1min
Charging		Flashes red slowly
Fully Charged		Remains solid red

4. Wireless Connection

a. Press ⏻ on the device and activate your smartphone's wireless setting.
b. Search and connect to R-GS002 (the indicator light will be solid blue).
c. Play your own music on the device. You can adjust the volume through your smartphone.

Note:
- Once paired successfully, the device will be automatically paired when wireless mode is turned on each time.
- If the device is not paired within 5mins once wireless mode is activated, it will automatically shut off.

CHARGING

a. When the device is in low battery, the power button indicator will flash red slowly and is accompanied by an alert notification "Low power, please charge". It will automatically shut off if left idle and the battery runs out.
b. Charge the device using the provided charging cable and a DC 5V 1A mobile charger (not included). The power button indicator will flash red slowly while charging. When charging is complete, it will turn solid red.

Note: Do not turn on the device while charging.

CLEANING AND MAINTENANCE

a. Turn off the device. Then remove the liner pad and hand wash using a neutral detergent in cold water. Do not rinse the device. Do not use bleach, corrosive cleaners, or other harsh detergents.
b. Make sure the liner pad is completely dry before putting it back on the mask.
c. Place the device in a cool, dry place when not in use. Keep away from humidity, heat and/or corrosive gas.
d. If the device has not been used for over 3 months, please recharge it before use.
e. Do not attempt to disassemble the device by yourself.

TROUBLESHOOTING GUIDE

	The device has been paired with another smartphone	Ensure the device is fully disconnected from another smartphone

FCC Regulatory Compliance

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Compliance
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED Regulatory compliance
This device contains licence-exempt transmitters that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).
Operation is subject to the following two conditions:
(1)This device may not cause interference.
(2)This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.
Cet equipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé.

WARRANTY POLICY

Your RENPHO product purchase is covered by a one-year limited manufacturer warranty from the date of delivery.

For warranty terms and conditions, please visit :
