Bluetooth Connection

1. This unit features automatic device pairing and is ready to pair as soon as it powers on. Power on the headset by pressing and holding the **Power button**, then a voice will announce, "Power ON." The headset is ready to pair.
2. To connect to the headset, open the Bluetooth Settings menu on your smartphone or tablet and select **IAEB19** from the list. If need be, refer to the user's manual for your device for more specific instructions on Bluetooth pairing.
3. When successfully connected, a voice will announce, "Bluetooth connected." Use your smartphone or tablet to select and play media. Use the controls on your device or the headset to play, pause, or skip audio, and adjust the volume.
4. After initial pairing, the headset will automatically connect to the last device used whenever powered on. To pair to another device, begin with the unit powered OFF, then press and hold the **Power/Pair button** on the headset and connect to it using the new device.

Playing Audio Wirelessly

1. After connecting to Bluetooth, use the controls on the connected device to select and play audio.
2. Use the controls on the unit or the connected Bluetooth device to play, pause, or skip audio, and adjust the volume level.

Using the Speakerphone

1. To accept a call, press the **Speakerphone** button or use the controls on the connected phone.
2. To end a call, press the **Speakerphone** button or use the controls on the connected phone.

Troubleshooting

If the earbuds should become unpaired or will not connect normally, open your device's Bluetooth Settings Menu and follow these steps.

- Disconnect, then reconnect to the earbuds.
- If the problem persists, delete the earbuds from the list of available devices ("Forget This Device").
- Turn Bluetooth OFF then ON again, and repeat the **Bluetooth Connection** steps.
