Re: FCC Class II permissive change for FCC ID: 2A282-VTAP25

Dear Examiner,

This is to request a Class II permissive change for FCC ID: 2A282-VTAP25, originally granted on 01-09-2025.

The major change filed under this application is:

Change #1: The NFC antenna has been changed. The original grant used a 40mmx40mm standard PCB track antenna on the VTAP25 host board to external 75.6mm x 75.6mm flexible PCB track antenna. The antenna connects to the VTAP25 via an FFC connector on permanently attached host board with antenna filtering and tuning/matching board.

Sincerely,

Andrew Ryan (CTO)
