

VTAP25L NFC antenna specification

NFC Antenna Description

	VTAP25L NFC antenna specification
NFC Antenna Model	ANT6
Antenna type	PCB printed loop antenna (on reference board)
Max. antenna gain	Not applicable
Antenna pattern	Not applicable
Centre frequency	13.56MHz (Near field)
Location	Etched on the reference board PCB
Dimensions	40mm x 40mm

The antenna gain is not applicable as the NFC uses a near-field magnetic loop antenna operating at 13.56 MHz, rather than a conventional far-field radiating antenna.
