Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: 2A2BY-056

Applicant: Dongguan Huien Electronic Technology Co., Ltd.

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: 2A2BY-056 originally granted on 03/10/2025.

This application for modification is based on the original models HE-056A, ETO1, QX680, HE-056, FN-BT36, HE-056B, HE-056C, and HE-056D. The original accessory model QX680 is to be changed to QX68. The listed series models have different appearance colors and model names from the main model, but the circuit and electronic structure are the same. The model QX68 only has a change in the supplier of capacitor C21 on the baseboard.

As follows:

	Supplier	specification	Photos
Original	Dongguan Huien Electronic Technology Co., Ltd.	105/6.3V 0402 $\pm 10\%$	
New	Shenzhen Hanyang Antenna Design Co. Ltd.	105/6.3V 0402 $\pm 10\%$	

The changes are not related with the other RF parameters, only "Conducted Emission and Radiation Spurious Emission of below 1G" were retested, other data were referred to the original report

Sincerely,

Yanfeng Zhang

Name: Yanfeng Zhang

Date: November 20, 2025

Title: Manager

Signature of applicant: Dongguan Huien Electronic Technology Co., Ltd.
