Product Specification

Model Number	XGA020C
Protection Rating	IP52
Bluetooth	BT5.2
Frequency Band	2400MHz - 2483.5MHz
Max. Signal Transmission	7dBm
Battery type	Rechargeable lithium ion battery
Battery capacity	20mAh
Charging input	5V ⎓ 1A

29

Rechargeable Li-ion Battery VCP4/5C/7A

Model	VCP4/5C
Rated Capacity	20.0mAh
Rated Energy	0.74Wh
Nominal Voltage	3.87Vdc
Limited Charge Voltage	4.45Vdc
Email	ir@myvuhk.com
Web	https://www.myvu.com/
Company Name	Changzhou VCP Electronics CO., Ltd
Company Address	Building 1-a, Pull Industrial Park Area, Zhaojia Street, Yanlong District, Changzhou 400600, China

FCC regulatory conformance
Hubei Xingji Meizu Group Co., Ltd. hereby declares that this device XGA020C is in compliance with the essential requirements and other relevant provisions of FCC Regulation.

Labeling requirements
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modification warning
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Information to the user
This device has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

40

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:
Hubei Xingji Meizu Group Co., Ltd. hereby declare that this device XGA020C is in compliance with the essential requirements and other relevant provisions of UKCA regulation.

41
