

Smart Security Box

Installation Instructions

DRAFT

Pour la version française voir US.YaleHome.com/Support

Model Number: YRSB-MD-BLE-BLK, YRSB-MD-CB1-BLK

1 Download the Yale Access App

Create an account

Tip: If you already use the August App, use the same username and password.

2 Insert Batteries

Remove the shipping tape and lift the lid.

Open the battery compartment and insert 3 AA batteries. Reinstall the cover.

3 Add Security Box to the Yale Access App

Set up Smart Security Box

Tap "Set up a device" from the app menu. When asked, scan the Yale QR code on the bottom of your smart storage box.

Tip: Once batteries are inserted, you have 5 minutes to complete this step. If your app doesn't find the storage box, press and hold (5 secs) the reset button on the inside of the storage box lid.

4 Create Entry Codes

Once added to the Yale Access App, you can create and delete entry codes or share app access by tapping the Guest icon in the bottom menu.

O

optional

Mount or Tether Security Box For Added Security (Optional)

There are 2 mounting holes on the Smart Storage Box. First, remove floor from box. Attach included mounting hardware to storage box then remove protective film from adhesive tape on hardware plates and place storage box in desired location.

- OR -

Secure box by looping security cable around a large fixed object then opening the box and placing the key lock end into the slot at the back of the box.

If you have any questions while installing, call our 24/7 tech support team! Call 1-855-213-5841 or email Support@YaleLock.com

Using Your Smart Security Box

💡 Security Box can always be opened with USB C cable and valid code.

* When security box is paired to app, Factory Reset must be done from app. During a factory reset the storage box will be unlocked.

Locking Security Box

Press any key to lock storage box
(listen for locking sound)
Close Storage Box lid

Unlocking Security Box

Enter valid 4-8 digit code
Press ✓

Warning: Changes or modifications to this device, not expressly approved by Yale Home could void the user's authority to operate the equipment.

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The user manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. In cases where the manual is provided only in a form other than paper, such as on a computer disk or over the Internet, the information required by this section may be included in the manual in that alternative form, provided the user can reasonably be expected to have the capability to access information in that form.

RF Exposure Statement

This equipment must be installed and operated in accordance with provide instructions and the antenna used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operation in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

ISED Canada compliance statement

This device complies with ISED Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This equipment complies with ISED Canada radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body

Le présent appareil est conforme aux CNR d'ISDE Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

L'équipement est conforme aux limites d'exposition aux rayonnements prescrites par l'ISED au Canada pour les environnements non contrôlés. Lors de l'installation et du fonctionnement de l'équipement, la distance entre le radiateur et le corps doit être d'au moins 20 cm.

Settings Definitions

Setting	Default	Definition
Privacy Mode	Off	While in Privacy Mode, the storage box will not open even when a valid Entry Code is entered. This setting can be changed from the Yale Access App.
One Touch Locking	On	Touching any key on keypad will lock the storage box. This setting can be changed from the Yale Access App.
Sound	On	The sound setting for entry code verification can be set from the Yale Access App.
