

<div>Solder Board-Component View 13</div>	 A photograph of a white rectangular PCB component, labeled 'UV-1 PCB-0426B', mounted on a blue textured surface. The component has several small electronic components (resistors and capacitors) soldered to its top surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The ruler is oriented vertically in the image, with the 0 mark at the top and the 100 mark at the bottom.
<div>Solder Board-Component View 14</div>	 A photograph of the same white rectangular PCB component, labeled 'UV-1 PCB-0426B', mounted on a blue textured surface. The component has four small electronic components (resistors) soldered to its bottom surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The ruler is oriented vertically in the image, with the 0 mark at the top and the 100 mark at the bottom.

A photograph of a custom green PCB (PCB-0426A) with a USB-A port, a USB-B port, and a 5-pin header. The board is labeled 'UV-018' and 'CON2'. It is placed on a blue surface with a ruler for scale.
