FCC Caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Warranty Terms

ugee FreSound provides a straightforward warranty that is processed in the most hassle-free way possible. Please ensure you have your proof of purchase ready and refer to the terms stated on this warranty card when requesting service. Keep this warranty card, purchase invoice, and product packaging safe, and present them when applying for maintenance.

1. ugee headphones carry a 12-month warranty from the date of purchase.
2. During the warranty period, if quality issues occur under normal use and our maintenance personnel confirm them as genuine, you will be entitled to free repair service. The warranty does not cover transportation costs or door-to-door service.
3. Warranty service will not be provided under the following conditions:
 - 1)Product malfunction or damage caused by improper installation, storage, or usage that does not follow the instructions.
 - 2)Damage caused by force majeure.
 - 3)Malfunction or damage caused by unauthorized disassembly or modification by individuals or organizations not authorized by ugee.
 - 4)Inability to provide a valid proof of purchase or warranty card.
 - 5)Warranty period has expired.
 - 6)Hearing damage
 - Listening to audio at excessive volumes may distort the sound and increase the risk of hearing damage and loss.
 - Avoid listening to audio at high volumes for extended periods.
- 4.If the original warranty card is unavailable, altered, unclear, or contains incorrect or inconsistent information, the company reserves the right to refuse warranty service.
After the warranty expires, paid maintenance service from ugee is still available.

Due to the limitation of product size, the product certification information is printed on the outer package, please see as below: FCC ID: 2A2JY-FS01
