FCC RF Radiation Exposure Statement:
1.This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2.This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment.
This equipment should be installed and operated with minimum distance 5mm between the radiator and your body.

FCC Warning
15.19 Labeling requirements.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
15.21 Information to user.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
15.105 Information to the user.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed toprovide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.

Battery Warning

This product is equipped with a built-in lithium battery, and please pay attention to the followings:

01. Please charge the product in time when the battery power is low. To protect the battery, please turn on the product every 3 months until the batterypower runs out and then fully charge the product, when not in use for a long time. It is recommended to use and store it in a suitable environment.
02. Do not disassemble, impact, extrude, or throw it into the fire. Do not continue to use it if it is inflated severely. Do not place it in a high-temperature environment. Do not continue to use it and have it repaired by professionals if the battery life is seriously shortened.
03. There is a risk of explosion if the battery is improperly replaced, and it can only be replaced with a battery of the same or equivalent type.
04. The battery (battery pack or assembled battery) shall not be exposed to overheated environment such as sunlight or fire.
05. Please dispose of products with lithium batteries separately from the household waste. If the product is discarded, it is necessary to remove the battery and pack the positive and negative ends separately, put it into the designated recycling location or hand it over to the environmental protection recycling department for disposal, and cannot be discarded at will.

日常のお手入れ

01.本製品のお手入れの際は、まず製品の電源を切ってから、ウェットティッシュで洗浄してください。特に汚れている箇所は軟布に医療用アルコール（アルコール濃度75%）を少しつけて拭き取り消毒してください。
02.日常の手入れをする時、中性洗剤と柔らかい布で拭いてください。腐食性のある洗剤を使ってはいけません。水に浸したりすいだりしてはいけません。水で洗い流してはいけません。
03.使用時に細菌や感電の危険が発生しないように、洗浄中に水や他の液体が機内に流入しないように注意してください。

⚠ 警告：本製品は化学品と接触しないでください！
例えば：消毒水、工業用アルコール、洗浄液などの日用強アルカリ強酸性化学品。

注意事項

01.本製品は、親または法的保護者が事前に設定した場合、または子供に使用方法について十分な指導をされた場合を除き、10歳未満の幼児に使用させないでください。
