PRODUCT SPECIFICATIONS

Bluetooth	4.2
Bluetooth transmitter frequency range	2.402-2.480 GHz
Bluetooth transmitter modulation	GFSK π/4 DQPSK
Bluetooth profiles	A2DP, AVCTP, AVDTP, HFP, AVRCP
Bluetooth transmission power	4 dBm maximum
Connectivity class	Bluetooth Class 2 (10 meter)
High performance driver	2 x Ø40 mm

Amplifier power	2*20 mW
Frequency response	20 Hz-20 kHz
Sensitivity	105 +/- 3 dB at 1kHz
input power	50 mW
Standard input power	30 mW
Impedance	32 Ω
Signal to noise ratio	> 94 dB
Charging method	Micro USB charging
Battery type	Lithium-ion polymer battery
Battery capacity	300 mAh
Play time	15 hours, volume at 70%
Recharge time	2 hours
Dimensions	174 x 174 x 75 mm

OPERATE YOUR HEADPHONES

Bluetooth Connection
Devices with Bluetooth 4.2 wireless technology equipped computers, smartphones, and MP3 players.

To use Bluetooth for your audio connection, first pair IMPULSE 2.PRO with your audio source (music player, smartphone, laptop or other Bluetooth equipped device that can act as audio source). Make sure IMPULSE 2.PRO is fully charged and turn it on by press and hold the **Power** button for **3 seconds**. Once the power is turned on, IMPULSE 2.PRO is in Bluetooth pairing mode. You can hear a voice notification – "Power on, pairing" and the LED indicator is blinking in red / blue quickly. Make sure Bluetooth is enabled on your audio source and in a few moments "MUVEACOUSTICS: IMPULSE 2.PRO" will appear on your list of possible Bluetooth connections. Press "pair" or "connect" on your device and after the connection is made, the LED indicator will turn to steady blue and you can hear "Connected". Then your device is paired.

From now on, when you turn on IMPULSE 2.PRO, it will automatically search for the last Bluetooth device it was paired with.

While there is no pairing with Bluetooth device within 5 minutes, IMPULSE 2.PRO will turn off automatically with a voice notification – "Power off" and you need to switch on again for further use.

Battery Charging
Please use the cable provided to recharge the headphones. It will take 2-2.5 hours to fully charged.

Wired Connection
IMPULSE 2.PRO has a 3.5mm audio in jack. If there is no Bluetooth source available or if you simply prefer a wired connection, you can connect your IMPULSE 2.PRO directly to your audio source using a stereo male 3.5mm connection.

IMPULSE 2.PRO headphones comes with audio cable included. Control and talk functions vary depending on your phone, tablet or application.

SAFETY INSTRUCTIONS

Warnings

- Contains small parts which may be a choking hazard. Not suitable for children under age three.
- Set a low volume setting before using the headphones.
- Long-term exposure to loud music or sounds may cause hearing damage. It is best to avoid high volume levels when using these headphones, especially for extended periods.
- Do not use these headphones when operating a motor vehicle, a bicycle, machinery or where your inability to hear outside sounds may present a danger to you or others.

Cautions

- Using these headphones limits your ability to hear noises around you, regardless of listening volume. Please use caution when using these headphones.
- Do not drop, sit on, or allow the headphones to be immersed in water.

This symbol indicates that this product shall not be treated as household waste. Instead it shall be handed over to the applicable collection point for the recycling of electrical and electronic equipment.

Unsuitable for children under three years because it might, for instance, contain small parts.

To prevent possible hearing damage, do not listen at high volume levels for long periods.

The input voltage to the product is 5V 1A. In order to charge the product in safe manner and reliable conditions, please only adopt certified appropriate charger / adapter for charging the product.
Only charge the product at ambient temperatures between 10 deg °C / 50 deg °F and 40 deg °C / 104 deg °F.
Do not heat above 70 deg °C / 158 deg °F, eg. Do not expose to sunlight or throw into fire.
Switch off the product after use.
Please note that we won't take any responsibility for any wrong operation (eg. Voltage higher than 5V) as this may result in severe injury or loss of property, and we cannot control the operating process during the time the user using this product.
In extreme cases, abuse or misuse of Lithium battery pack can lead to explosion, heat generation, fire development or smoke development.

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and complies with part 15 of the FCC rules.
FCC ID: 2ANVW-MA-1600

MUVEACOUSTICS®
ONE-YEAR LIMITED WARRANTY

MUVEACOUSTICS IMPULSE 2 PRO headphones have been subjected to a thorough series of tests to ensure the highest level of dependability. It is unlikely that you will experience any problem, but if a defect should become apparent during the use of this product, MUVEACOUSTICS warrants to the original purchaser that this product will be free from defects in material and workmanship for a period of 12 months from the date of your original purchase from an authorized dealer. If a defect covered by this warranty occurs, MUVEACOUSTICS, at its option, will repair or replace the product purchase at no repair charge (postage charges will apply). If a replacement is necessary and your product is no longer available, a comparable product may be substituted at the sole discretion of MUVEACOUSTICS.

This warranty does not cover normal wear and tear, abusive use or misuse, modification, tampering or by any other cause not related to either materials or workmanship. This warranty does not apply to product used for any industrial, professional or commercial purposes.
