IC Caution:

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

L'appareil a été évalué pour répondre aux exigences générales d'exposition RF. L'appareil peut être utilisé dans des conditions d'exposition portables sans restriction.

FCC Cautions

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

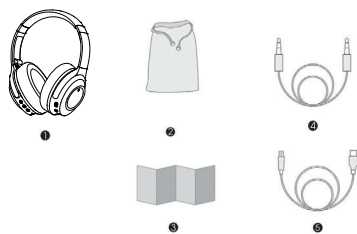

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

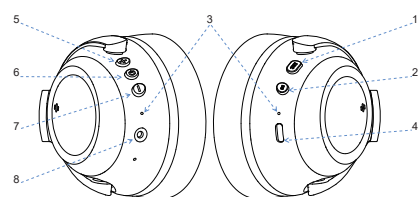

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Packliste

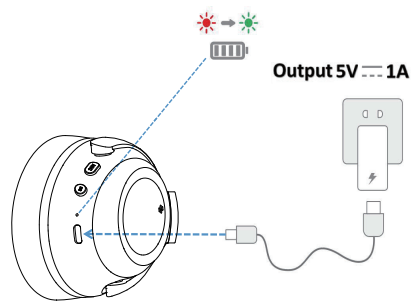

Produktübersicht

- | | |
|----------------------------|--|
| 1. ANC/APT-Schalter | 5. Vorheriger Titel/Lautstärke erhöhen |
| 2. EQ-Schalter | 6. Netzschalter/Wiedergabe/Pause/Annahme |

Lista di imballaggio

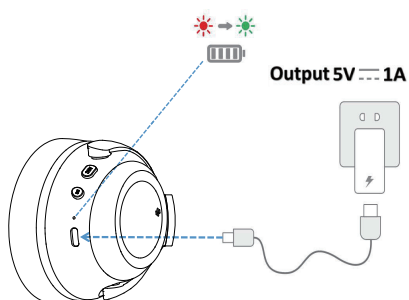

Panoramica del prodotto

- | | |
|----------------------------|---|
| 1. Interruttore ANC/APT | 5. Pista anterior/Volumen arriba |
| 2. Interruttore EQ | 6. Interruptor de encendido/Reproducción/Pausa/ |
| 3. Luz indicadora LED | Contesta el teléfono / Cuelga el teléfono |
| 4. USB-C Interfaz de carga | 7. Pista siguiente/Volumen abajo |
| | 8. Interfaz AUX |

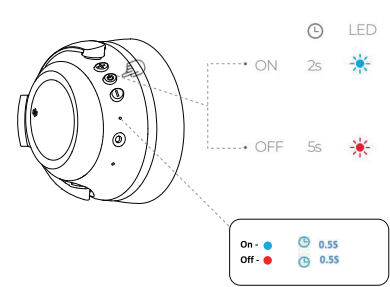

In carica

- Asciugare completamente la porta USB-C prima di caricarla.
- Utilizzare un cavo di ricarica USB-C certificato e un caricatore per evitare qualsiasi danno.
- Non accendere le cuffie durante la ricarica.

	Prontezza vocale per bassa potenza	Low power
	Rosso fissa	Essere addormentati
	Verde fissa	Pienamente carico

Accensione/spengimento

Accensione: Premere e tenere premuto il pulsante di accensione per 2 secondi, si sentirà la voce "Power on".

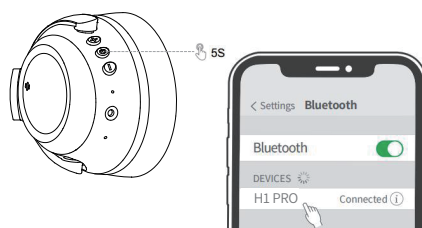

Spegnimento: Premere e tenere premuto il pulsante di accensione per 5 secondi, si sentirà la voce "Power off".

■	Blu fisso (per 0.5 secondo)	Acceso
■	Rosso fisso (per 0.5 secondo)	Spento

Associazione Bluetooth

Step1 - Quando è spento, tenere premuto il pulsante di accensione per 5 secondi fino a quando il LED lampeggia rosso/blu per entrare nella modalità di accoppiamento Bluetooth.

Step2 - Selezionare H1 PRO nell'elenco Bluetooth del suo dispositivo per connettersi

	Rosso/Blu lampeggiante	Associazione Bluetooth
	Blu fisso (per 2 secondi)	Connessione al Bluetooth stabilita

• Ogni volta che si accende la cuffia, essa si connetterà all'ultimo dispositivo connesso con successo, se disponibile all'interno della gamma Bluetooth.

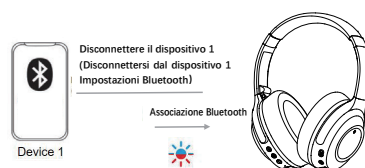

Associazione con un altro dispositivo

Le tue cuffie possono essere collegate a due dispositivi contemporaneamente.

Step1:

Step2:

Step3:

Step4:

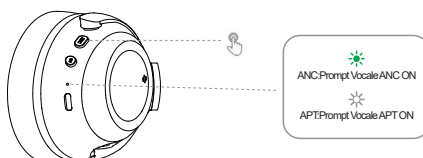

Aprire le impostazioni Bluetooth
del dispositivo 1 e selezionare H1
PRO su Connessioni

- Le tue cuffie possono riprodurre musica solo da un dispositivo mobile alla volta. Per riprodurre da un altro dispositivo collegato, metti prima in pausa il dispositivo attualmente attivo.

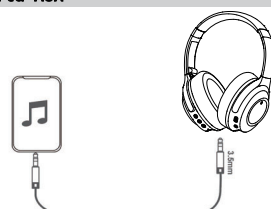

Cancellazione attiva del rumore/APT

- Premere il pulsante ANC per attivare la cano attiva del rumore/trasparenza APT.

ANC: Blocca la maggior parte dei rumori a bassa frequenza (per esempio, i suoni del motore di aerei e auto, e alcuni suoni di fondo degli uffici)
APT: consente di ascoltare i suoni intorno a sé.

Modalità AUX

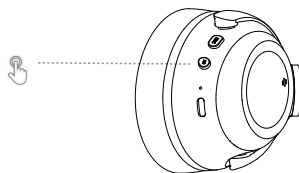

Goditi la musica su altri dispositivi collegando un cavo audio da 3,5 mm

Cautela:

infuture.customer.service@gmail.com

2.Amazon posta ufficiale

Liste d'emballage

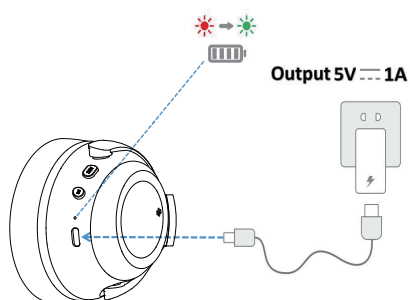

Aperçu du produit

- | | |
|------------------------------|--|
| 1. Interrupteur ANC/APT | 5. Piste précédente/Volume élevé |
| 2. Interrupteur EQ | 6. Interrupteur d'alimentation/Lecture/Pause |
| 3. Indicateur lumineux LED | /Réponse/Fin d'appel |
| 4. Interface de charge USB-C | 7. Piste suivante/volume en baisse |
| | 8. Interface AUX |

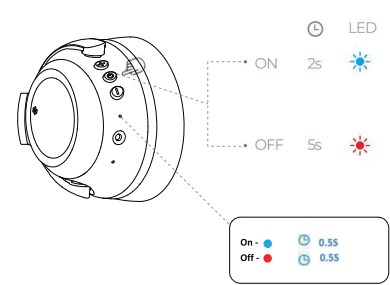

Chargement

- Séchez entièrement les écouteurs et le port USB avant la charge.
- Utilisez un câble et un chargeur USB-C certifiés pour éviter tout dommage.
- N'allumez pas votre casque pendant le chargement.

	Rappel vocal en cas de faible puissance	Low power
■	Rouge fixe	Being charged
■	Vert fixe	Fully charged

Mise sous/hors tension

Mise en marche : Appuyez et maintenez le bouton d'alimentation pendant 2 secondes, vous entendrez la voix "Power on".

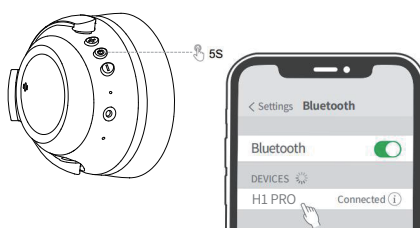

Mise hors tension : Appuyez et maintenez le bouton d'alimentation pendant 5 secondes, vous entendrez la voix "Power off".

	Bleu fixe (pendant 0.5 seconde)	Power on
	Rouge fixe (pendant 0.5 seconde)	Power off

Couplage Bluetooth

Step1 – Lorsque l'appareil est éteint, appuyez sur le bouton d'alimentation et maintenez-le enfoncé pendant 5 secondes jusqu'à ce que le voyant clignote en rouge/bleu pour passer en mode de couplage Bluetooth.

Step2 – Sélectionnez "H1 PRO" dans la liste Bluetooth de votre appareil pour vous connecter.

	Rouge/Bleu clignotant	Couplage Bluetooth
	Bleu fixe (pendant 2 secondes)	Bluetooth connecté

- Each time you power on your headphone, it will automatically connect to your last successfully connected device if available within the Bluetooth range.

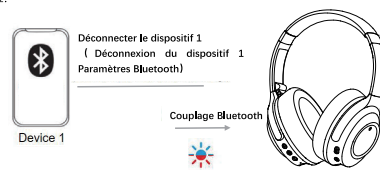

Couplage avec un autre appareil

Votre casque peut être connecté à deux appareils à la fois..

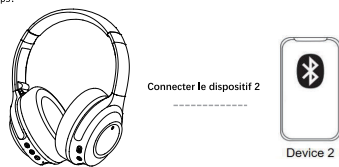

Step1:

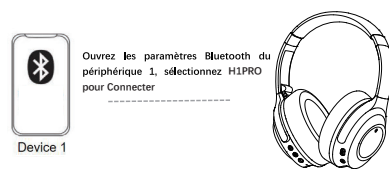

Step2:

Step3:

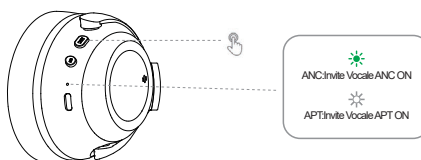

Step4:

- Votre casque ne peut lire la musique que sur un seul appareil mobile à la fois. Pour écouter la musique d'un autre appareil connecté, mettez d'abord en pause l'appareil actuellement actif.

Annulation active du bruit/APT

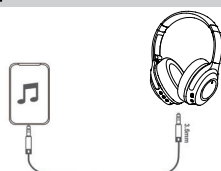

Appuyez sur le bouton ANC pour activer la suppression active du bruit/APT (Transparence).

ANC : Bloque la plupart des bruits de **basse fréquence** (Par exemple, les bruits de moteur des avions et des voitures, et quelques bruits de fond des bureaux) .

APT : vous permet d'entendre les sons qui vous entourent.

Mode AUX

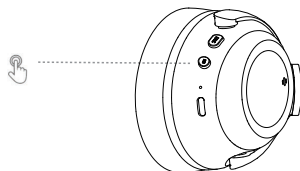

Profitez de la musique sur d'autres appareils en branchant un câble audio de 3,5 mm.

attention :

1. L'utilisation d'un câble audio de 3,5 mm désactive automatiquement la fonction Bluetooth.
2. La fonction ANC ne peut pas être utilisée normalement

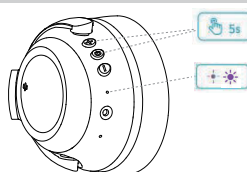

Mode EQ

Appuyez sur le bouton EQ pour l'activer

1. Lorsque vous entendez un clic lourd, cela signifie que le mode Bass est activé.
2. Treble Booster est activé.
3. lorsque vous entendez un léger clic sonore, le mode Basic est activé.

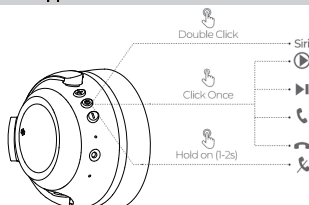

Initialisation

Si vous rencontrez des problèmes de connectivité ou de fonctionnement, vous devrez peut-être réinitialiser le casque.

- Étape 1 - Maintenez l'oreillette allumée.
- Étape 2 - Appuyez longuement sur le bouton d'alimentation + le bouton d'augmentation du volume pendant 5 secondes, la lumière violette clignote deux fois.
- Étape 3 : l'oreillette est éteinte et réinitialisée.
- Étape 4 : appuyez sur le bouton d'alimentation et maintenez-le enfoncé pendant 5 secondes, les lumières rouge et bleue clignotent alternativement pour passer en mode d'appairage.

Mode d'appel

- 1. Siri et autres assistants vocaux ——— Double clic
- 2. répondre/raccrocher un appel ——— Appui court sur le bouton d'alimentation une fois
- 3. rejeter un appel ——— Appui long sur le bouton d'alimentation pendant 2 secondes

Politique de garantie

En commençant par l'achat de nos produits, nous vous promettons que le casque dispose d'un service de garantie d'un an. Si vous avez des questions sur le produit ou des problèmes avec le produit, nous ferons de notre mieux pour vous fournir la solution.

N'hésitez pas à nous contacter et nous vous répondrons dans les 24 heures.

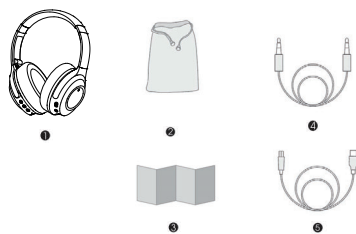

Les deux manières suivantes:

Lista de embalaje

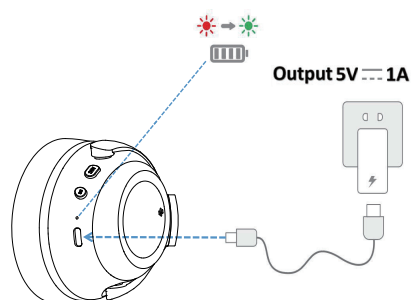

Resumen de productos

- | | |
|----------------------------|---|
| 1. Interruptor ANC/APT | 5. Pista anterior/Volumen arriba |
| 2. Interruptor EQ | 6. Interruptor de encendido/Reproducción/Pausa/ |
| 3. Luz indicadora LED | Contesta el teléfono |
| 4. USB-C Interfaz de carga | 7. Pista siguiente/Volumen abajo |
| | 8. Interfaz AUX |

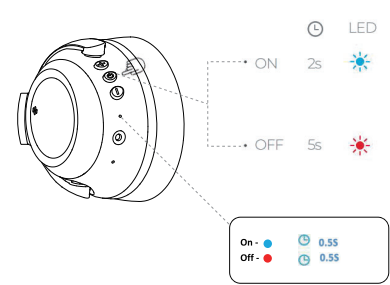

Carga

- Seca completamente el puerto USB-C antes de cargar los auriculares.
- Utiliza un cable de carga USB-C certificado y un cargador para evitar cualquier daño.
- No enciendas los auriculares mientras se cargan.

	Recolector de voz por baja potencia	Baja potencia
	Rojo	Carga en curso
	Verde	Totalmente cargado

Encendido y apagado

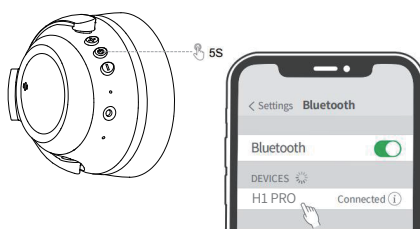

Encendido: Mantén pulsado el botón de encendido durante 2 segundos y escucharás la voz "Power on".
Apagado: Mantenga pulsado el botón de encendido durante 5 segundos y escuchará la voz "Power off".

■	Manténgalo azul (0,5 segundos)	Encendido
■	Manténgalo en rojo (0,5 segundos)	Apagado

Emparejamiento por Bluetooth

Paso 1 - Cuando esté apagado, mantenga pulsado el botón de encendido durante 5 segundos hasta que el LED parpadee en rojo/azul para entrar en el modo de emparejamiento Bluetooth.

Paso 2 - Seleccione 'H1 PRO' en la lista de Bluetooth de su dispositivo para conectarse

	Azul/rojo intermitente	Emparejamiento por Bluetooth
	Manténgalo azul (2 segundos)	Conectado por Bluetooth

- Cada vez que enciendas los auriculares, se conectarán automáticamente automáticamente a su último dispositivo conectado con éxito si está disponible dentro del rango de Bluetooth.

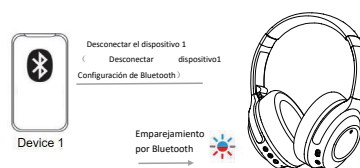

Emparejamiento con otro dispositivo

Los auriculares pueden conectarse a dos dispositivos a la vez.

Paso 1:

Paso 2

Paso3:

Paso4:

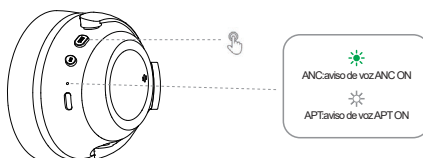

Abrir la configuración de Bluetooth del dispositivo1
seleccione **H1PRO para Conectar**

Los auriculares sólo pueden reproducir música en un dispositivo móvil a la vez. Para reproducir desde otro dispositivo conectado, pon en pausa primero el dispositivo actualmente activo.

Cancelación activa de ruido/APT

Pulsa el botón ANC para activar la Ruido/APT (Transparencia)

ANC: Bloquea la mayoría de los ruidos de baja frecuencia (Por ejemplo, los sonidos de los motores de los aviones y los coches, y algunos sonidos de fondo de las oficinas)
APT : vous permet d'entendre les sons qui vous entourent.

Modo Aux

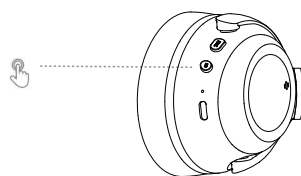

Disfruta de la música en otros dispositivos conectando un cable de audio de 3,5 mm

precaución:

1. El uso de un cable de audio de 3,5 mm desactivará automáticamente el Bluetooth
2. La función ANC no se puede utilizar normalmente

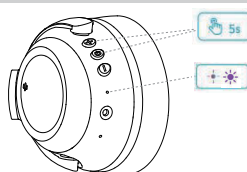

Modo EQ

Pulse el botón EQ para activar

1. Cuando oiga un clic fuerte, activará el modo de graves.
2. Cuando oiga dos veces un clic fuerte, activará el modo de refuerzo de agudos.
3. Cuando oiga un clic ligero, activará el modo Básico.

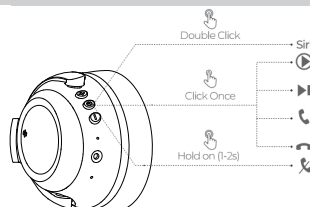

Reiniciar

Si tienes problemas de conectividad o de funcionamiento, es posible que tengas que reiniciar los auriculares.

- **Paso 1-Mantenga los auriculares encendidos**
 - **Paso2-Pulsar prolongadamente el botón de encendido+el botón de subir el volumen durante 5 segundos, la luz púrpura parpadea dos veces**
 - **Paso3-El auricular se apaga y se reinicia**
- Step4-Press and hold the power button for 5 seconds, the red and blue lights flash alternately to enter pairing mode**

Modo de llamada

3. Siri y otros asistentes de voz ————— **Doble clic**
4. Contestar/colgar una llamada ————— **Pulse brevemente el botón de encendido una vez**
3. Rechazar una llamada ————— **Pulsar prolongadamente el botón de encendido 2s**
