User Manual

Thank you for choosing acer!

Please read this user manual carefully when using this product.

Preface:

Thank you for purchasing ACER products. For optimum operation, please read this manual carefully before using.

Model: OMR282

Item Name: Acer Wireless Mouse

Product List:

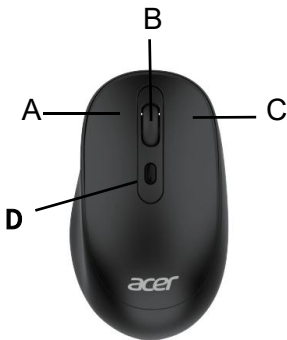

1×Acer Wireless Mouse	1×USB A Receiver
1×User Manual	1×Warranty Card

Product Description:

The Acer Wireless Mouse(OMR282)is designed for precision and comfort.It features an advanced optical sensor for accurate tracking on various surfaces and a reliable wireless connection.This mouse is ideal for both gaming and everyday tasks, offering a perfect blend of functionality and ease of use.With its ergonomic design,the OMR282 fits naturally in yourhand,reducing fatigue during prolonged use.

The adjustable DPI settings allow you to customize the sensitivity for different needs, ensuring smooth and responsive cursor control. Plug and play functionality means no drivers are required, making setup a breeze.

Product Interface

A: Left Button

B: Scroll Wheel

C: Right Button

D: DPI Button

Product Specifications

Model: OMR282

Material: ABS

Compatible Systems: Windows/Linux/macOS

DPI:800-1200-1600

Product Weight:70g±5g

Product Size:105*64*38mm

Operating Temperature:0℃ to 40℃

Storage Temperature: 0℃ to 50℃

Humidity Range:5%to 95%(Relative Humidity)

Battery specifications: 1x AA Battery Storage

(Batteries NOT Included)

Troubleshooting

Mouse Not Working

- 1.Check if the mouse's USB receiver is properly connected.
- 2.Try plugging the receiver into a different USB port.
- 3.Ensure the mouse has working batteries.
- 4.Restart your computer to ensure the system recognizes the mouse correctly.

DPI Adjustment Not Working

- 1.Ensure you are pressing the DPI adjustment button.
- 2.Try using the mouse on different surfaces as some surfaces may affect the DPI adjustment functionality.

After-Sale Services

If you are not sure how to get your ACER product working properly,please contact our friendly support team at your free time for a quick soluton.

CAN ICES(B)/NMB(B)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1)This device may not cause harmful interference,and (2)this device must accept any interference received,including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.These limits are designed to provide reasonable protection against harmful interference in a residential installation.This equipment generates,uses and can radiate radio frequency energy and,if not installed and used in accordance with the instructions,may cause harmful interference to radio communications.However,there is no guarantee that interference will not occur in a particular installation.If this equipment does cause harmful interference to radio or television reception,which can be determined by turning the equipment off and on,the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION

Changes or modifications not expressly approved by the manufacturer could void the user authority which is granted by the Federal Communications Commission, to operate this product.

CE declaration of Conformity

Hereby, Acer Gadget Inc. declares that this Acer Ergonomic Mouse is in compliance with the essential requirements and the other relevant provisions of the Radio Equipment Directive 2014/53/EU and ROHS Directive 2011/65/EU.

Disposal of Waste Equipment by Users in Private Household in the European Union

This symbol on the product or on its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

Vielen Dank, dass Sie sich für Acer entschieden haben!

Bitte lesen Sie diese Bedienungsanleitung sorgfältig durch, bevor Sie dieses Produkt verwenden.

Vorwort:

Vielen Dank, dass Sie sich für ein Produkt von ACER entschieden haben. Um eine optimale Leistung zu erzielen, lesen Sie bitte diese Anleitung vor der Verwendung sorgfältig durch.

Modell: OMR282

Artikel Name: Acer Funkmaus

Produktliste:

1×Acer Wireless-Maus

1 × USB-A-Empfänger

1 × Benutzerhandbuch

1 × Garantiekarte

Produktbeschreibung:

Die Acer Wireless Mouse (OMR282) wurde für Präzision und Komfort entwickelt. Sie verfügt über einen fortschrittlichen optischen Sensor für präzise Abtastung auf verschiedenen Oberflächen und eine zuverlässige kabellose Verbindung. Diese Maus ist ideal für Spiele und alltägliche Aufgaben und bietet eine perfekte Mischung aus Funktionalität und Benutzerfreundlichkeit. Dank ihres ergonomischen Designs liegt die OMR282 natürlich in der Hand und reduziert Ermüdungserscheinungen bei längerem Gebrauch.

Die einstellbaren DPI-Einstellungen ermöglichen es Ihnen, die Empfindlichkeit an unterschiedliche Bedürfnisse anzupassen und sorgen so für eine reibungslose und reaktionsschnelle Cursorsteuerung. Dank Plug-and-Play-Funktionalität sind keine Treiber erforderlich, was die Einrichtung zum Kinderspiel macht.

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
