

Declaration Letter for Enterprise/Non-Consumer Device USE Access Point

FCC ID: 2A2PW320697

To whom it may concern,

We, FS.COM Inc., are writing to clarify the intended use of the equipment in this application. We hereby certify that the device is designed and marketed as an enterprise-grade access point and is intended solely for non-residential, commercial use. Based on the Federal Communications Commission's guidance regarding routers included in the Covered List, and evaluating the product against the definition of "consumer-grade routers" as referenced in NIST IR 8425A, we respectfully provide the following context regarding the intended design and function of the **AP-T566D** access point:

Product Application and Environment

The design of the **AP-T566D** is optimized for modern, device-dense outdoor commercial environments, such as parks, stadiums, outdoor event venues, transportation hubs, and open public spaces. Its primary intended function is to provide wireless connectivity within a local area network (LAN) architecture, and it is intended to be deployed in outdoor commercial and enterprise settings.

Sincerely,

Name and surname of applicant (or authorized representative): Tao Zhang
