A photograph showing the internal components of a silver laptop with its bottom cover removed. The laptop is placed on a blue surface. Two rulers are used for scale: one on the left side and one at the bottom. The internal components visible include the battery, logic board, and various cables. The battery is a large, black, rectangular unit with a label that reads "Apple" and "Lithium-Ion Polymer". The logic board is a small, green circuit board with various components. Cables connect the battery to the logic board and other components. The laptop's chassis is silver and has some text on the back, including "Apple" and "Lithium-Ion Polymer". The bottom cover is a silver metal plate with some text and a logo. The overall image is a technical photograph of a laptop's internal hardware.
