

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Radiation Emission Test
Setup (Below 30MHz)**

**Radiation Emission Test
Setup (30MHz to 1GHz)**

	 A close-up photograph of a black laptop placed on a dark, flat surface, likely a test bench. The laptop screen displays a Windows operating system interface with various icons and a taskbar. To the right of the laptop, there are some cables and a small red component. The background shows a white, textured wall with black cross-shaped patterns.
Radiation Emission Test Setup (1GHz to 18GHz)	 A photograph of a radiation emission test setup. A white, rectangular test object is placed on a black, circular turntable. The turntable is mounted on a white, rectangular base. The background is a white, textured wall with black cross-shaped patterns. A blue and yellow striped caution tape is visible on the floor. A blue probe or antenna is positioned near the test object. The floor is covered with black, pointed absorbers.

**Radiation Emission Test
Setup (Above 18GHz)**
