AUSTRALIAN WARRANTY

Warranty Period

12 Months

Warranty Terms

ALOGIC Corporation Pty Ltd warrants this product to be free from defects in materials and workmanship for the warranty period stated above from the date of purchase, provided the product is used in accordance with the accompanying recommendations and instructions.

Exclusions

This warranty no longer applies where any defect results from alteration, accident, misuse, abuse or neglect of the product.

How to Make a Claim

Please retain your receipt as proof of purchase and return the product with the receipt to your place of purchase to make a warranty claim.

This warranty is in addition to your rights under the Australian Consumer Law.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

For New Zealand customers, this warranty is in addition to statutory rights under New Zealand legislation.

COMPLIANCE STATEMENTS

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment of and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Responsible Party - U.S. Contact Information
ALOGIC USA LLC
37524 Marsten DR,
Newark CA 94560, USA

EU Declaration of Conformity

This device in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. All essential radio test suites have been carried out. This restriction will be applied to all Member States of the Common.
The device complies with RF specifications when the device used at 20cm from your body.
Hereby, ALOGIC Corporation declares that this product is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following Internet address by clicking on the Compliance Documentation link:
