RE: CONFIDENTIALITY REQUEST FOR (WIFI Chime / Model: LXDBCM-WIFI / FCC ID: 2A2TG-LXDBCM)

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the (Block diagram, Operational description, Schematics) required to be submitted with this application be permanently withheld from public review.

These documents contain detailed system and equipment description and related information about the product which LT Security Inc considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, LT Security Inc considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Name: Kevin Lin

Title: Manager
