01 Precautions

CAUTION

1. Please be aware, use this unit in a sealed room or with the screens closed. Direct sunlight will affect the picture quality and shorten the lifespan of the unit.
2. Do not block the heat vents. Keep it ventilated.

WARNING

1. Keep the unit away from water.
2. Do not expose the unit to a damp room, sauna, detergent can (in case) or any area where temperature is above 40°C or below 5°C.
3. Do not place the unit on an unstable cart, stand or table. The unit can fall and be seriously damaged.
4. Do not attempt to open the unit. Except for the lamp and battery panel, there are no user serviceable parts inside. Contact qualified service personnel for any service.
5. Do not look directly into the lens when it is switched on. Intense light may cause damage to your eyes.

Tech Tools:

1. Do not leave the unit unattended when it faces a continuous work, and turn off the power when it is not in use for a long time.
2. Please use the original power cord. Do not damage the power cord.
3. Please refer to section 07 about how to upgrade to the latest version.
4. Please refer to section 08 about how to connect to a Wi-Fi network.
5. Please refer to section 09 about how to connect to a Bluetooth device.

Misc:

1. The Warranty does not cover the damages on the appliance result accident, misuse, abuse, neglect, lamp replacement, failure to follow instructions (such as using the connectors properly or from being disconnected from power source).

This is a Class A product.This product may cause radio interference in the domestic environment, in which case the user may be required to take practical measures against the interference.

02 FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC and IC(Industry Canada) Radiation Exposure Statement:

This device complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC ID: 2AWCB-T20 IC: 23406-T20

FCC STATEMENT

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

IC STATEMENT

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

CAN ICES-3 (B)/NMB-3(B)

This device complies with Industry Canada's licence-exempt RSS-247. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

03 Packing List
