CLEANLIFE®
SMART

Thank you for purchasing CLEANLIFE® Smart Lighting Product

PLEASE READ CAREFULLY BEFORE INSTALLING YOUR DEVICE.
Save these instructions, as you may need them at a later date.

⚠ WARNINGS:

- **DO NOT** put the controller around any metal or any device that could block the WiFi Signal.
- **DO NOT** power the tape light up until it is unrolled from the reel as it will overheat.
- Ensure that the connections are correct before powering up the device.

WHAT'S IN THE BOX :

INSTALLATION:

1. Remove contents from the box. Ensure that no parts are missing.
2. Plug the USB connector on the controller into the USB power adaptor.
3. Connect the tape light to the other side of the controller. (Make sure to line up the arrows)
4. **WARNING:** Make sure to unroll the entire tape light as it will overheat if it is powered on and still on the reel.
5. Plug the controller into an outlet and power it on.

WIRING DIAGRAM:

PRODUCT INFORMATION:

1. USB 5V input connection.
2. Output Connection to LED strip. (Make sure to line up the arrows)
3. Button on Controller:
Functions:
 - a. On/Off, power on with one click, power off with two shot clicks
 - b. Click to change between preset modes.
 - c. Long press for over 5 seconds to enter pairing mode.

TROUBLESHOOTING:

- Check that line voltage at fixture is correct.
- Ensure that there is voltage at light fixture wires. If there is no voltage, then check all connections.
- Check that fixture is grounded properly.

If fixture does not light:

- Check switch to ensure that there are no defects.
- Check fuse/circuit breaker for trips, then check wiring connections.

CLEANING & MAINTENANCE:

- CAUTION:** Ensure fixture temperature is cool enough to touch.
DO NOT clean or perform maintenance while fixture is energized.
- Clean lens and light fixture with non-abrasive cleaning solution.
 - Do not open fixture to clean LED. Do not touch the LED.
 - Do not spray liquid directly on to LED, LED driver or wiring.

3-YEAR LIMITED WARRANTY:

LIMITED WARRANTY: CLEANLIFE® Smart Light Fixtures are warranted to be free and clear of defects in materials and workmanship for a period of three years from the date of purchase. This warranty covers defects in manufacturing discovered while using the product as recommended by the manufacturer and does not apply to failures caused by acts of God or as a result of any abuse, misuse, abnormal use, or use in violation of any applicable standard, code, or instructions for use in installations. If a CLEANLIFE® LLC Light Fixture fails due to a defect covered by this warranty, CLEANLIFE® will, at its option, either replace the product or provide a credit equal to the current price CLEANLIFE® charges for the product. To make a warranty claim, retain the failed products and notify a CLEANLIFE® sales representative in writing within thirty (30) days of the failure.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- The equipment complies with FCC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
