Safety Guide

IMPORTANT SAFEGUARDS

Basic safety precautions should always be followed, including:

READ ALL THE INSTRUCTIONS

1. Use the Smart Thermometer for its intended purpose only. For use with food only.
2. **CAUTION: The probes get HOT! Do not touch the probes with bare hands during or after cooking.**
3. To reduce the risk of electrical shock, do not submerge the hub in water or other liquids.
4. To avoid damage to the Smart Thermometer, insert the probe into food to where the probe widens. The internal temperature sensors have a max temperature of 225°F. Temperatures above that can damage the probes. When cooking, ensure that the exposed ends of the probes do not touch hot cooking surfaces.
5. Do not use the Smart Thermometer when microwaving or pressure cooking.
6. After using, let the probes cool, then clean as directed. Dry completely before storing.

7. Do not drop the Smart Thermometer on a hard surface.
8. Though the probes are top-rack dishwasher safe, it's better to hand wash them. Use warm, soapy water, and rinse and dry them well. Do not use scouring pads or abrasive cleaners, which will scratch them.
9. The Smart Thermometer probes are waterproof. However, avoid drastic changes in temperature; for example, do not plunge them in ice water when hot.
10. Store the probes in the charging nest or in the lid of the Smart Hub. Be sure they are completely dry before storing.
11. The probes are SHARP! Care should be exercised when handling the probes. This appliance should not be used by or near children or individuals with certain disabilities.
12. Take care when inserting and removing the probes. Do not apply excessive pressure and avoid extreme changes in direction.
13. Consuming undercooked meats, poultry, or seafood may increase the risk of foodborne illness. To avoid this risk, cook your food to the temperatures recommended by the USDA.

14. Follow local regulations when recycling.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

CAUTION
Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

4. Consult the dealer or an experienced radio/TV technician for help.

To satisfy RF exposure requirements, a separation distance of 20cm or more should be maintained between the antenna of this device and persons during device operation. To ensure compliance, operation at closer than this distance is not recommended.

ISED REGULATORY COMPLIANCE

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploita-

tion est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage.
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

TERMS AND CONDITIONS Limited Warranty

RJ Brands, LLC d/b/a CHEF iQ® offers a limited 1-Year Warranty (the "Warranty") available on sales through authorized distributors and retailers only. Please note that this Warranty becomes valid from the date that you connect your product

with the CHEF iQ App. To activate your warranty, follow these steps:

1. Download the CHEF iQ App from the App Store or Google Play.
2. Connect your CHEF iQ product to the app.

In cases where there is no connection, CHEF iQ requires a proof of purchase to include receipt, order confirmation, etc. at the discretion of the CHEF iQ Support Team. Please retain your proof of purchase even after registering. In the event that you do not have proof of your purchase date, we may declare your Warranty void, or we may, at our sole discretion, apply the date of manufacture as the purchase date for purposes of this Warranty.

The Warranty is non-transferable, applies only to the original purchaser, supersedes all other warranties, and constitutes the entire agreement between the consumer and CHEF iQ. Any changes to the Terms and Conditions of this Warranty must be in writing, signed by a representative of CHEF iQ. No other party has the right or ability to alter or change the Terms and Conditions of this Warranty.

WHAT THE WARRANTY COVERS Manufacturer Defects

CHEF iQ products are warranted against defects in material and workmanship, under normal household use, for a period of 1 year from the date the warranty is activated in accordance with the directions listed in the CHEF iQ User Guide. If your product does not work as it should, please contact Chefman® Customer Support at support@chefiq.com so that we may assist you. We may ask you to please submit, via email, photos and/or video of the issue you are experiencing. This is to help us better assess the matter and possibly offer a quick fix. Photos and/or video may also be required to determine warranty eligibility.

If the product is damaged, does not work as it should, or is no longer available, a replacement product of equal or lesser value will be sent at the discretion of the CHEF iQ Support Team. We reserve sole discretion whether to require you to return the purchased product to us prior to shipping you a replacement.
