2 /3/4G
Main ANT

The image shows the internal components of a laptop, specifically the 3G/4G LTE module and the 2/3/4G Main ANT. The 3G/4G LTE module is a rectangular circuit board with a white label containing technical specifications and regulatory information. The 2/3/4G Main ANT is a small, black, rectangular component located near the top of the module. A red callout box points to the antenna with the text "2 /3/4G Main ANT".

Technical specifications on the 3G/4G LTE module label:

- Model: R98H - SE081A
- P/N: 2121004022
- S/N: 2121 - M02
- M3.6 - 5.500A
- Made in (Part 1)
- IS 132650 - 1
- IEC 60950 - 1
- CE, FCC, RoHS, and other regulatory marks
