A screenshot of an Android home screen. At the top, there is a status bar with icons for signal strength, Wi-Fi, battery, and time (2:34 PM) on the right. Below the status bar is a dock containing five app icons: Google Play Store, YouTube, Files, Chrome, and Settings. The background is a dark blue gradient with a subtle pattern of light blue lines.

Problem	Solution
No power	• Check if the power adapter is properly connected to the power and the TV BOX. • Press the power on the remote controller to turn on the power.
No picture	• Reconnect with HDTV cable or YUV cable or AV cable. • Check if the TV is switched on.
No sound or distorted sound	• Adjust the volume. • Check that the speakers are connected correctly.
No audio or digital output	• Check the digital connections. • Check if your amplifier is set correctly.
The player does not respond to the Remote Control	• Aim the remote control directly at the sensor on the back of the TV BOX. • Reduce the distance to the TV BOX.
Player does not respond to some operating commands during playback	• Release the buttons in the remote control. • Operators may not be permitted. Refer to the user manual. • Possibility of system failure, re-start with power adapter to restart.
No sound during movies playback	• The audio codec may not be supported by the TV BOX. You can change to the supported audio on playing menu. • Check the volume.
The contents of the USB flash drive cannot be read	• The USB flash drive format is not compatible with the box. • If one of the USB can not be read, please turn off the TV BOX for 30 seconds and restart the TV BOX.

Slow operation of the USB flash drive	~Big file size or high resolution USB flash drive takes longer time to read and display on the TV screen.
No sound with HDTV connection	~Check the connection between the TV and the HDTV jack of box. ~Check your TV system setup . ~Check the volume.
The TV screen is blank and the player LED is blinking	~Turn off your TV BOX, wait 30 seconds, turn it on again. ~If under HDTV status, check if HDTV connection is correct or change another HDTV cable, set the output resolution of this TV BOX into 720p.

Please read the instruction manual of this product carefully before use.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
