

BOOMPADS®

In partnership with #Tide, using reclaimed ocean-bound plastic to create products that are practical and thoughtfully made.

They provide the material; we bring the design and tooling to make these audio products a reality.

opensport

In the Box

The recycled material used to make this product may have traces of the wide mix of types of plastics collected, this can allow some minor black spots and imperfections to appear upon the surface. These are normal and do not affect the performance of the product.

How to Connect

For First-Time Use:

1. Open the charging case.
2. Remove the earbuds.
3. The buds will automatically pair together and enter the pairing stage.
4. Turn on Bluetooth on your pairing device (phone).
5. Select "opensport" from the list of available devices.
6. Wait for the connected confirmation.

Note: After you have completed these steps, the earbuds will automatically connect to your device the next time.

In pairing mode If not connected after 3 mins earbuds will power down.

Charging

Flashing Red & Blue LED on case: Indicates it's ready to charge. Use the provided USB-C charging cable.

Charging Buds

Place into case: The LED will flash white until fully charged, then it will turn off.

User Guide

For Best Fit: Slide the earpiece hook behind the upper part of your ear, securing it by rotating downward.

Once the earbuds are in place, make slight adjustments by rotating them to find the most comfortable and secure position.

Note: Earbud placement affects call and sound quality. Adjust as needed until you find the best fit and become familiar with their positioning.

Touch Controls

Reset

In the unlikely case of any pairing problem

1. Remove from phone bluetooth menu.
2. Press 5 times both earbuds at the same time.
3. now re-pair to your phone like for the first time.

Product Name: opensport
Material: OBIP (Ocean Bound Plastic)
Input earbuds: DC 5V = 90mA fast charge
Charging case input: DC5V, 0.35A
Charging interface: Type-C
Bluetooth version: V5.4
Communication distance: 10m
Noise reduction: ENC
Frequency response range: 20Hz~ 20KHz
Drivers: 12mm Bio-diaphragm dynamic
Playing time: about 6.5 h volume (80%)
Earbud battery: 45mAh/ 3.7V
Total playback time: 30h
Charging time: 2h
Charging case battery: 500 mAh / 3.7V
Product size: 83 x 50 x 28 (mm)
Product weight: 56g

FCC statment

FCC id: 2A36Q-OPENSORT

This device complies with Part 15 of the FCC rules. Operation is subject to the following twoconditions: 1) this device may not cause harmful interference, and 2) this device must acceptany interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digitaldevice, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonableprotection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with instructions, may cause harmful interference to radio communications.However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determinedby turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connect.
Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement, the device canbe used in portable exposure condition without restriction.

The Declaration of Conformity can be found at:
