Description of Permissive Change

Product Name: **Industrial wireless access point**

FCC ID: **2A38RDAP847R1**

This is a request for a Class II Permissive Change:

To Whom It May Concern:

We, Belden Hirschmann Industries (Suzhou) Ltd. request a Class II permissive change for Industrial wireless access point, FCC ID: 2A38RDAP847R1. The Wi-Fi circuitry and antenna of the Model (**DAP847-XXXYXXXXXXXXX**; where Y is representing P means power supply by PoE and when Y is representing K means power supply by PoE or DC. X can be any letter or number representing non-Safety, EMC related differences, may be followed by additional suffix letter(s) or number(s) representing related differences) are identical to DAP849 series. The only difference between the two models is the power supply and switch part. For reference, FCC grant was issued on 12/13/2025.

Your assistance on this matter is highly appreciated.

Sincerely,
