ATTENTION

The amount and intensity of mist produced will vary, but this is not unusual and should not be considered as a fault.

Factors that affect this include water type, humidity, temperature, air currents. If there is no water in the Tank, pressing the **MIST** will cause the unit to "beep" 3 times to remind you to add water. The unit will not work without water.

Only 100% natural essential oil can be used in this product. Those containing chemical fragrance, spice or impurities will cause malfunction. Use 3-5 drops per 100ML water a time. Too much oil will clog the system and cause malfunction. Please clean the unit as per the maintenance instructions, before changing to use a new type of essential oil.

ACCIDENTAL LEAKAGE

In the event of the unit being knocked over or tipped during use, please follow the steps as below to avoid malfunction.

Unplug the unit and remove cover.

Pour out any remaining water out of the water tank from,

Shake the unit gently to drain any water inside the mechanism, and then allow drying for at least 24 hours.
