DEVICE COMPATIBILITY

This product supports fast wireless charging and complies with the Qi wireless charging standard; through magnetic induction. Should be short distance radio transmission, the equipment supports all compliant with Qi standard wireless charging devices. With a 20V output adapter, wireless charging supports 15W load. With over voltage and over temperature protection.

WARNING

- Do not use or store the product in direct sunlight or high temperature places for a long time.
- Do not charge in places too close to magnetic cards, magnetic recording media, and precision instruments.
- Do not disassemble or modify this product.
- Do not touch the AC adapter with wet hands.
- Keep this product away from water or other liquids.
- If you want to clean the product, please disconnect the power.
- Product working environment temperature range: -20~45°C.

SPECIFICATIONS

Material: imported ABS + hardware
Power input: DC5V/2A 9V/2.1A
Charging efficiency: ≥75%
Power: 5W/ 7.5W/ 10W/ 15W
Battery capacity: 1800mAh
Weight: 508g
Speaker power: 4Ω5W
Product size: 151x151 X 71 mm
The charging port of power supply is the international type-c port.

FCC WARNING

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

WARNINGS:

1. To reduce the risk of fire or electric shock, do not expose this product to rain or moisture.
2. Do not expose this apparatus to dripping or splashing, and do not place objects filled with liquids, such as vases, on or near the apparatus. As with any electronic products, use care not to spill liquids into any part of the product. Exposure to liquids may create a failure and/or fire hazard.
3. Do not place naked flame sources, such as lighted candles, on or near the product.
4. Do not subject batteries to mechanical shock.
5. In the event of a battery leaking, do not allow the liquid to come in contact with the skin or eyes. If contact has been made, wash the affected area with copious amounts of water and seek medical advice.
6. Do not use any charger other than that specifically provided for use with the equipment.
7. Do not leave a battery on prolonged charge when not in use.
8. After extended periods of storage, it may be necessary to charge and discharge the batteries several times to obtain maximum performance.
9. Batteries give their best performance when they are operated at normal room temperature 68°F (20°C) ± 9°F (5°C).
10. The battery provided with your system is not user serviceable.

CAUTION: Do not make unauthorized alterations to the product; doing so may compromise safety, regulatory compliance, system performance, and may void the warranty.

WARNING: Contains small parts which may be a choking hazard. Not suitable for children under age 3.

WARNING: This product contains magnetic material. Contact your physician if you have questions on whether this might affect the operation of your implantable medical device.

Li-ion Removal of the rechargeable lithium-ion battery in this product should be conducted only by a qualified professional.
