TMEIC Industrial Ethernet Gateway

TMEIC Corporation Type: B0EMCB08

c UL US LISTED
Ind. Cont. Eq.
E528495

Input Voltage: 12 / 24 V DC ⎓, 0.70A / 0.35A
Voltage Range: 10-28 V DC ⎓
Power Consumption: 8.5W (Typical Operation)
Pollution Degree Rating: 2
Not to be used in wet areas - Indoor Use Only

FCC ID: 2BUU2B0EMCB08

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

Read the installation instructions before connecting.
This apparatus must be installed and operated
by authorised personnel only. Do not open.

Risque de choc électrique. Ne pas ouvrir.
Lisez les instructions d'installation avant de vous connecter.
Cet appareil doit être installé et utilisé uniquement
par du personnel autorisé.

Made in Australia
Fabriqué en Australie
