

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT (End User Terminal) housing. The green printed circuit board (PCB) is visible, featuring a central silver-colored component, likely a SIM card, and various electronic components. The white plastic housing is partially open, revealing the internal structure. A black ruler with white markings is placed horizontally below the housing for scale. The background is a blue textured surface.
EUT Housing and Board View 2	 A photograph showing the internal components of an EUT (End User Terminal) housing from a different angle. The green printed circuit board (PCB) is visible, featuring a central silver-colored component, likely a SIM card, and various electronic components. The white plastic housing is partially open, revealing the internal structure. A black ruler with white markings is placed horizontally below the housing for scale. The background is a blue textured surface.

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is rectangular and features a large, dark, circular solder pad in the center. It is surrounded by various electronic components, including resistors and integrated circuits. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component spanning approximately 100 mm in length and 50 mm in width.
Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is rectangular and features a large, dark, circular solder pad in the center. It is surrounded by various electronic components, including resistors and integrated circuits. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component spanning approximately 100 mm in length and 50 mm in width.
