Subject: FCC Limited Single-Modular Approval Letter

FCC ID: 2A3M2-25A083

To whom it may concern

We, Umpi Srl, hereby declare that the product, FCC ID: 2A3M2-25A083, has met the Limited Single-modular approval requirements of FCC rule part §15.212(a)(1) and this is shown in the table below.

Furthermore, we declare that the module Radio Board 60556C-F-915 is not for sale – it is for use in UMPI Srl manufactured host devices only and the user manual integration instructions are internal confidential manufacturing documents.

Requirement	Compliance: Yes or No along with a justification
The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	Yes, the radio frequency circuitry of the radio module is shielded
The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Yes, the used radio chip includes the buffered modulation/data inputs
The module must contain power supply regulation on the module	Yes, the module has it

The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Yes, the module has a permanently attached antenna
The module must demonstrate compliance in a stand-alone configuration	No, the module operates on different host products
The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	Yes, the FCC ID is printed on the product label
The module must comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee	Yes, see radio Test Report
The module must comply with RF exposure requirements	Yes, see radio Test Report

Yours faithfully,

Filippo Damiani
Product Development Manager
