

EUT View 5	 A photograph of a circular, silver-colored electronic device with a fine mesh top. The device is positioned on a blue textured surface. A black ruler with white markings is placed horizontally below the device, showing measurements in centimeters. The device has a small, dark rectangular label on its top surface.
EUT View 6	 A photograph of the same circular, silver-colored electronic device from a different angle. The device is still on the blue textured surface with the ruler below it. This view shows the bottom edge of the device, which has a small, dark rectangular port or slot.
