

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT (Electronic Unit Test) device. The top part is a circular black plastic housing with a silver-colored metal flange. Below it is a green printed circuit board (PCB) with various electronic components, including a large black integrated circuit (IC) and several smaller components. To the right is a black plastic component, possibly a connector or a part of the housing. A black ruler with white markings is placed horizontally below the components, showing measurements in millimeters (mm) and centimeters (cm).
Solder Board-Component View 1	 A close-up photograph of a green printed circuit board (PCB) showing various electronic components. The components include a large black integrated circuit (IC) with the text "AMB66_SBC_MB_V02" and "E42 270" visible, several smaller ICs, resistors, and capacitors. A black ruler with white markings is placed horizontally below the PCB, showing measurements in millimeters (mm) and centimeters (cm).
