

Solder Board-Component View 4	 A photograph of a small, green, L-shaped printed circuit board (PCB) component. The component is positioned on a blue, textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component's width is approximately 20 mm, and its height is approximately 10 mm. The component has several small, circular solder pads and a small, rectangular component mounted on it.
Solder Board-Component View 5	 A photograph of a larger, green, rectangular printed circuit board (PCB) component. The component is positioned on a blue, textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component's width is approximately 60 mm, and its height is approximately 15 mm. The component has several small, circular solder pads, a small, rectangular component mounted on it, and a small, rectangular component mounted on the top edge.
