

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	
EUT View 2	

EUT View 3

EUT View 4

EUT View 5	 A black electronic component, likely a microcontroller or sensor, is shown from a top-down perspective. It has a rectangular shape with rounded corners and several small, circular features on its surface. A thin, dark wire is attached to the component. The component is placed on a blue, textured surface. A black L-shaped ruler is positioned next to it for scale, with the horizontal leg of the ruler showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The vertical leg of the ruler also shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
EUT View 6	 A black electronic component, similar to the one in View 5, is shown from a different angle. It has a rectangular shape with rounded corners and several small, circular features on its surface. A thin, dark wire is attached to the component. The component is placed on a blue, textured surface. A black L-shaped ruler is positioned next to it for scale, with the horizontal leg of the ruler showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The vertical leg of the ruler also shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
