

SAFETY PRECAUTIONS

- **WARNING Cancer and Reproductive Harm**
www.p65warnings.ca.gov

Note: The accessories in the package are exclusively used for the product. The appearance and quantity may be different for different batches. Please contact support if you have any questions.

Notes:

- After powering on, there will be a beep sound
- There will be a beep each time you press a button.
- When there is no water in the tank you will hear 2 beeps over 5 seconds and the diffuser will automatically power down. The low water icon will also illuminate
- When the timer is up you will hear a long beep sound before the diffuser automatically shuts down.

Act: water outlet

Max: water level

1. Drain the water remaining in the water tank. Ensure the air outlet side is facing up during draining to avoid moisture getting inside the unit.

2. Do not use any benzene, paint thinner, alcohol, or other types of chemicals during cleaning. Only use water.

3. If using detergent, always use a soft sponge and clean it thoroughly before use.

4. Encapsulated gas remaining inside poses the danger of entangling and asphyxiating. Discharge water is recommended for cleaning.

5. If you do not intend to use the product for an extended period of time, clean it and dry it thoroughly before storage.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. To maintain compliance with FCC RF exposure compliance requirements, the **device** follow operation instructions as documented in this manual. This transmitter must not be co located or operating in conjunction with any other antenna or transmitter. This equipment **should** be installed and operated with a minimum distance of 20 cm between the radiator and your body. The availability of some specific channels and/or operational frequency bands is country dependent and are firmware programmed at the factory to match the intended destination. The firmware setting is not accessible by the end user.
