

Headphone Manual

1. Basic parameters

Model No.: E10017
Bluetooth version: 5.0
Matching name: W100
Bluetooth Profile: HFP, A2DP, HID, AVRCP
Bluetooth Decoding Method: SBCs
RF carrier frequency: 2.4 G
Bluetooth receiving distance: 10 meters
Input voltage: 5V
Working hours: 3H/80H
Headphone charging time: 30 minutes ~ 1 hour
Charging time: 1 hour
Charging box for headphones: 3 times
Electricity indicator: red
TWS connection successful instructions: secondary blue light slow flash, host red and blue alternating flash

2. Trumpet parameters

Model number: ϕ 10 round horn size: ϕ 10mm * 4.2 mm
Impedance: 32 Ω rated power: 25MW
Maximum power: 25MW
Frequency response: 20Hz-20KHz
Sensitivity: 92 $\pm$ 3dB
THD Test conditions: 20Hz-5KHz MAX 5 %

3. Other parameters

Operating temperature: minus 10 ° ~ 70 °
Storage temperature: minus 30 ° ~ 70 °

4. Charging box batteries

Battery model: 602030	nominal voltage: 3.3 V
Minimum capacity: 300 MAH	Typical capacity: 305 MAH
Charging cutoff voltage: 4.2 V	
Discharge cutoff voltage: 3.3 V	
Standard Charge: 60MA	Maximum Charge: 250MA
Standard discharge: 60MA	
Maximum discharge: 150MA	

5. Headphone battery

Battery model: 401012	nominal voltage: 3.7 V
Minimum capacity: 35MAH	Typical capacity: 40MAH
Charging cutoff voltage: 4.2 V	
Discharge cutoff voltage: 3.3 V	
Standard charging: 20MA	maximum charging: 60MA
Standard discharge: 20MA	maximum discharge: 40MA

6. Appearance parameters and instructions

Headphone size: 42mm high * 17mm wide
Charging box size: 68mm high * 45mm long * 21mm wide

7. Operational instructions

Touch Click: Play / Pause
Double click (already connected): L on / R next
SIRI function: LR :3 hit wake up SIRI / click stop SIRI
Double click (not connected): TWS headset team
Answer Phone Status: Click to answer / hang up, click to re fuse

8. Tip definition

Click: Click on the nail one
Double click: click on the nail
Three strikes: click on the nail

9. LED status definition

Battery warehouse status
Charging status: red light flashing full state: red light Changliang.
The headset is put into the battery cell: charging the red light Changliang; Full of electricity, the blue lights go out after Changliang.
Headphone out of battery storage: blue light flash 3, prompt boot.
Headphone pairing status: red and blue lights flashing alternately.
Headphone call status: blue light flash 3
Headphone shutdown: red light flash 3, prompt shutdown
Headphone connection successful status: blue lights low flash.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that

interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

The device has been evaluated to meet general RF exposure requirements, the device can be used in portable exposure conditions without restriction
