CHOOSE PREFERRED
DEVICE TO DISCONNECT

POWER

**PRESS & HOLD
3 SECONDS**

Connect to the USB-C charging port located beneath the silicone cover. The LED indicator will illuminate red while charging and turns off when fully charged.

Attention: Do not use pillow while charging.

NOTE: A low battery notification beep will sound when the battery level falls below 10%.

The diagram shows the bottom of the device with a silicone cover. A label 'LED light' points to a small circular indicator with a plus sign. Another label 'USB-C Charging Port' points to a port with a plus sign and a minus sign.

Please do NOT drop

Please do not handle the battery in the following ways, as this could result in an explosion or the leakage of flammable liquids and gases.

Dispose of fire hazards by discarding, crushing, or cutting them into smaller pieces.

Avoid exposure to extremely high-temperature environments.

Please remain in a very low-pressure environment.

FCC STATEMENT

PC STATEMENT
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If interference is found, you may wish to take the following steps: (1) Turn the equipment off and on. (2) Determine by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

CAUTION
Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
