

Folded Size: 3.2” (w) x 5” (h)

3-IN-1 CHARGING BUNDLE Model/HVIN: S-26464  USER MANUAL	CONTENTS - PD30W Wall Charger - Watch Charger - USB-C to USB-C Charging Cable A QUICK LOOK 	SPECIFICATIONS PD30W Wall Charger Material: PC Fireproof Input: 100-240VAC, 50/60Hz, 0.8A Max Output USB-A: 5.0V≐3.0A, 9.0V≐2.0A, 12V≐1.5A USB-C: 5.0V≐3.0A, 9.0V≐3.0A, 12V≐2.5A, 15V≐2.0A, 20V≐1.5A USB-A + USB-C: 5.0V≐3.0A Power: 30W Watch Charger Material: ABS USB-A Input: 5.0V≐2.0A Watch Wireless Charging Output: 2.5W Dimensions: 28 × 28 × 7.5mm Transmission Distance: ≤ 1mm 3FT built-in USB-A Cable USB-C to USB-C Charging Cable Material: TPE + silicone Length: 3FT POWERING THE WALL CHARGER 1. Unfold the AC Plug prongs to extend outwards. 2. Connect the Wall Charger to a compatible wall outlet using the AC Plug.  NOTE: The wall charger does not hold any power and must always be connected to a constant power source while charging additional devices. After use, disconnect the wall charger and fold the AC Plug prongs in for easy storage.	3. Plug the USB-A connector of the watch wireless charger into the USB-A port of the PD30W wall charger, then place the Apple Watch on the charging pad. 4. Connect your phone to the PD30W wall charger's USB-C port using a USB-C to USB-C cable. NOTE: The wall charger has one USB-A port, and one USB-C port. Ensure it is fully inserted and no tears or damage are visible to the connection or cable. TO CHARGE A COMPATIBLE WIRELESS SMARTWATCH, FOLLOW THESE STEPS. 1. Remove any cases or protective covers that may block the back of your watch before attaching it to the wireless charger. 2. Align the back of your smartwatch with the center of the wireless charger. The back of your smartwatch should be laid flat on the wireless charger. 3. Ensure the smartwatch is connected securely and properly to the wireless charger. Once the wireless charger is successfully attached to the back of your smartwatch, your device should start charging. NOTE: Some devices require a specific output voltage. Before connecting, make sure that your device is compatible with the wall charger's output. IMPORTANT SAFETY PRECAUTIONS When using your Wall Charger, basic safety precautions should always be followed, including: 1. READ ALL INSTRUCTIONS BEFORE USING YOUR WALL CHARGER. 2. Never expose your wall charger to high temperatures, extreme cold, high humidity, moisture, or water. 3. To avoid the risk of electric shock, never attempt to open or repair your wall charger without the assistance of a certified professional. 4. Your wall charger is not to be used by children or the infirm without adult supervision.	5. Unplug your smartphone or USB device from your wall charger when it is fully charged. 6. Do not use your wall charger at temperatures under 32°F (0°C) or over 104°F (40°C). 7. Do not drop or throw your wall charger or subject it to strong impacts or physical trauma. 8. Contact the manufacturer for support if you detect any abnormalities when using your wall charger. In addition, do not continue to use your wall charger if you detect any leakage, smoke, or fire. 9. When connected, do not place your wall charger on flammable materials such as rugs, carpets, or bedding. 10. Clean your wall charger using a soft cloth or paper towel. 11. Do not use harsh chemicals when cleaning your wall charger, and never submerge it in water. CAUTION Risk of Fire and Burns. Do Not Open, Crush, Heat Above 104°F (40°C) or Incinerate. Always Follow All Manufacturer's Instructions When Using. MAINTENANCE AND CARE - Before using your wall charger, inspect the ports and plugs to make sure that they are clear of dust and debris before charging a device or inserting a USB cable. - Use a soft cloth to clean your wall charger. Never use any harsh chemicals or detergents. Make sure your wall charger is dry before using. - When your wall charger is not in use, it should be stored in a cool, dry place. - Never tug or yank on a USB cable that is connected to your wall charger. Connect and disconnect all cables as carefully as possible. - Please recycle or dispose of your wall charger properly based on the laws and rules of your municipality. Contact local recycling facilities and/or the manufacturer of your product for further information.

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED STATEMENT:

- English: "

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device."

- French:"

Cet appareil est conforme aux normes RSS exemptées de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

- (1) l'appareil nedit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

ISED Radiation Exposure Statement

Cet équipement est conforme aux limites d'exposition aux rayonnements ISED définies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé à une distance minimale de 10 cm entre le radiateur et votre corps. Cet émetteur ne doit pas être installé ou utilisé conjointement avec une autre antenne ou un autre émetteur.
