

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A top-down photograph of a black rectangular portable speaker with two large circular drivers. The brand name "Qaise" is visible on the lower driver. To the right of the speaker are two cables and a small remote control. A yellow measuring tape is placed horizontally and vertically around the speaker to show its dimensions. The entire setup is on a light-colored tiled floor.
EUT View 2	 A second top-down photograph of the same black Qaise portable speaker. In this view, the cables and remote are not present. The yellow measuring tape remains in the same position as in the first view, used for scale. The background is the same tiled floor.
