

MICRO COMPUTER (HK) TECH LIMITED

FCC Software Configuration Control Declaration

Date: November 20, 2025

Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046
USA

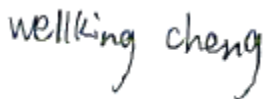

Attn: OET Dept.

Product/ Model Number: Mini PC / MS-S1 MAX, MXXXXXXXXX (where * = "0-9 ", "A-Z", "-", "space", The difference between models is only due to the different sales areas, but the naming methods of models are different. Other circuit principles, safety structures and key components are the same, and the differences do not affect the safety and electromagnetic compatibility of products.)

Regarding FCC Country Code Selection guidelines identified in KDB 594280 D01 Software Configuration Control v02r01.

“All applications for equipment authorization for transmitters that can have radio parameters, or other technical parameters, reported to the Commission set by software must have an attestation indicating that no third party will have software, or configuration control, to program the device out of compliance of the technical rules under which it has been certified.”

We declare that no third party will have software, or configuration control, to program the device out of compliance of the technical rules under which it has been certified.
