

Declaration Letter of Model Difference

Date: 2026-03-16
 FCC ID: 2A4A3FRIDGE-780W
 Tested Model Number: HRM260P9TSE
 Adding Model Number(s): RF225H3CSEI, HRM260P9T*E, (*) maybe A-Z

The models HRM260P9T*E, (*) maybe A-Z and HRM260P9TSE only difference in model name.

The add new model RF225H3CSEI and HRM260P9TSE, the new models have the same PCB board and block diagram and operating principle as the certified prototype of the model HRM260P9TSE, except for only refrigerator DC Water Valve, 70-35 Water Valve, Separate WIFI module function, Large screen (touch screen) and Control Panel, others for more detailed refer to below tables. Does not affect RF characteristics.

Differences	New model	Original Model
Model	RF225H3CSEI	HRM260P9TSE
DC Water Valve	No	Yes
70-35 Water Valve	Add QIAOH INDUSTRY CO LTD model QXD-30XC-AC113G(MH67331, parameter AC115V/13W/50~60Hz) with UL certified manufacturer SHANGHAI, and cancel flowmeter	No
Separate WIFI module	None, the function is reflected in the screen	Yes
Large screen (touch screen)	Yes, on the right door of refrigeration, same as Vol.1,Sec. 42 Use the same, including the updated screen  (Sec.42 already included)	No

Control
Panel

1. Two pieces, one is the main transformer integrated board, and the other is the newly designed power board (only supplying power to the large screen);
2. The main transformer integrated board is changed on the basis of the main transformer integrated board of the original report product, mainly replacing the single chip microcomputer controlling the frequency conversion press, changing the main transformer communication from one-way to two-way, and replacing the 15V-5V step-down chip

3. Newly designed power

supply board

There is only one pieces plate, that is, the main transformer integrated plate

Hisense Ronshen (Guangdong) Refrigerator Co.,Ltd

Others	1. The water storage tank is changed to injection molding rotary melting mode, and the electric valve 1973736 is deleted; the internal line is deleted to connect the electric valve connecting line. 2. Localization of built-in filter	No
Refrigeration system	Same	

Yours Sincerely,

Applicant: Hisense Ronshen (Guangdong) Refrigerator Co.,Ltd
Address: No.8 Ronggang Road Ronggui Shunde Foshan Guangdong P.R.China
