

符合RoHS2.0环保要求

Product information and requirements:

1. Tightly wrapped between each circle
2. Press the coil surface flat to ensure a thickness requirement of 2.4MM (MAX)
3. The coil is tightly attached to the magnetic material
4. Inductance: $6.5 \mu H \pm 10\%$
5. The dimensions marked with the symbol "⊠" in the diagram are measured by QIP;
6. The dimensions marked with the symbol "⊗" in the diagram are measured by FAI
7. Manufacturer: Dongguan Dingzhi Electronic Technology Co., Ltd
8. Model: TX-DZ5005.3008-K6.5-L50
9. Gain: 0dB

Huizhou Tongyinhai Precision Electronics Co., Ltd.
